## FORTY-THREE BATHERS DROWN OVER WEEK END

### UNDERTOW RESULTS IN ELEVEN CLAIMED IN LAKE AT BUFFALO

Eleven Drowned at New York Beaches Also Report

Bathing beaches took a heavy toll of life in the U. S. over the week end.

Reports to the United Press today showed at least forty-three drownings through the country.

The greatest loss of life at one spot was on Lake Erie, near Buffalo where forty bathers were caught in a freak undertow and carried out into the lake. Many escaped but eleven bodies had been recovered today.

Beaches and rivers around New York and in New Jersey took eleven lives. Boston reported nine in that vicinity.

Pennsylvania reported four; Ohio one; Missouri, two; Indiana, one; Oregon, one, and California, one.

BUFFALO, N. Y., Aug. 9.—Eleven bodies of swimmers caught in a violent undertow on Lake Erie near Farnham had been recovered today.

Searchers patrolled the shore all night looking for bodies. Flares were set off and bonfires built to illuminate the water line.

Approximately forty bathers were caught in the sudden undertow, which occurred late yesterday while Sunday crowds were in the water at Brant Beach. Bodies recovered were those of:

Ann Hartman, 14; Hilda Timmonman, 17; Howard Timmonman, 18; Glenna Bronson, 17; Gladys Bronson, 15; Elmer Henry, 19; E. Carlson, 30; Yvette Henry, 21; Erna Lange, 35; John Augustine, 21; and an unidentified woman, apparently 25.

Sweeping in with the suddenness of a tidal wave, the undertow seized the bathers and carried them struggling far out into the lake. Many other barely escaped a similar fate.

"We were caught by the undertow that just knocked us off our feet and threw us back into the water. We struggled against the current, but few managed to get through," declared Blaine Nichols, 18, Buffalo, one of the survivors.

The undertow just pushed us along. And the first thing was our feet sinking under us and we were floundering around in deep water. After that, it was a case of luck."

NEW YORK, Aug. 9.—Eleven persons were drowned in the Metropolitan area and nearby Jersey districts yesterday. Heavy seas contributed to the death of eight along the Long Island shore and at New Jersey resorts.

Three persons, all men met death in the Hudson and North Rivers. Nineteen persons were rescued off Rockaway Beach during the day.

BOSTON, Aug. 9.—Nine deaths from drowning occurred near Boston during the week-end. The list comprises five boys and four men, most of whom lost their lives at beaches.

### DEMAND REMOVAL OF TWO CITY OFFICIALS

STEBUNVILLE, O., Aug. 9.—Petitions were circulated here today demanding the removal of Mayor J. S. H. Patton and Chief of Police Blaine E. Carter.

The petitions were first circulated in seven churches of the city last night. The action marked a return to politics of W. R. Albans, former prosecutor after fifteen years retirement.

"If I can do anything to get Stebunville out of the morass into which it has sunk, it will be worth the effort my return to politics is costing," he said. The petitions specify, with names and locations, eighty alleged places of vice in Stebunville.

### OHIO BANKERS TO MAKE STATE TOUR

COLUMBUS, O., Aug. 9.—Thirty officials of Ohio Banks, Grange, Farm Bureau and Ohio State University Agricultural Department, will leave here tomorrow on the first annual agricultural tour of the Ohio Bankers Association. The party will travel in two buses.

The 400 mile trip will take the party through eight counties of Northwestern Ohio. Inspection will be made of a number of poultry and cattle farms, orchards and modern methods of farming.

The party will return to Colum-

Mrs. Gladys Muñn Amory, former wife of Charles Amory, was married to Herbert Pulitzer, son of the noted New York publisher, in Paris.

### NEWSPAPERS WILL THROW RESULTS OF PRIMARY ON SCREEN

Fastest Possible Information Gained For the Public

Following the policy of The Evening Gazette and the Morning Republican in giving the public the best possible information on election results, the public is cordially invited to attend the election party of these newspapers Tuesday night.

The public will be provided with returns from both the state and local primary contests with all possible speed through the most modern mediums of telephone and other means of communication.

The office of these newspapers will be kept constantly informed by telephone with the headquarters of the United Press, at Columbus, of results over the state.

The papers will also be in direct communication by messenger service with the office of the board of elections enabling returns from the Greene County contests to be forwarded to the public almost as soon as they are officially tabulated.

A running total will be kept on tally sheets listing the precincts and in addition, information will also be available in bulletins to be thrown on a screen in front of the Gazette Bldg., S. Detroit St.

The apparent above-normal interest in this campaign, in which Greene County will practically elect its county office-holders, resulted in the decision to throw the results on the screen in front of the building. The public is invited to vantage points on Detroit St., where the bulletins may be seen.

### STOCK MARKET IS MOVING UPWARD

NEW YORK, Aug. 9.—Resumption of the upward movement in the stock market which was characterized last week by the spectacular behavior of General Motors, was seen in active trading at the opening today.

General Motors began the day with a split opening at 220 and 221, up three and four points, a new high record price for the stock. U. S. Steel opened more than a point. After rising still further, DuPont showed a gain of four and one-half points at 307.

### INVESTIGATORS MURDER GIVE UP M'DERMOTT

CANTON, Aug. 9.—Conviction that the murder of Don R. Mellett, publisher and reformer, must be solved without the help of Patrick McDermott, grew among investigators here today as he continued to evade arrest.

McDermott is believed to have information that would betray Mellett's assassins although he is not regarded as one of the killers.

Detectives are of the opinion he was hired as a decoy to mislead authorities.

Ora Slater, Stark County special investigator, refused to give up hope of capturing McDermott and reiterated his belief that the fu-

## Clemenceau Asks For Tolerance

PARIS, Aug. 9.—Georges Clemenceau, dean of French statesmen, has stirred the nation by his open letter to President Coolidge, in which he asked for tolerance on the question of the French debt, declaring that France was "not for sale" and would not sacrifice freedom for the payment of debts.

The declaration met with unanimous approval here and was hailed as expressing the opinion of a majority of Frenchmen.

The Journal Des Debats, in a leading editorial, said that "Clemenceau desired merely to throw light on all aspects of the problems of debts."

"Our debts have a special character and cannot be settled like a simple bank account," the editorial continued. "It is futile to

try to get France to ratify an agreement which it is unable to carry out."

The Clemenceau letter was written by the 85-year-old "Tiger" from his seaside home in Veudee. It follows:

"Mr President: There has arisen between three great countries, allied and associated powers of the war, differences of opinion regarding the settlement of accounts which threaten seriously to affect the future of the civilized world.

"Every where technicalities of finance and diplomacy are at work. A technician is often any man who likes to isolate a problem from those in the ordination of which he is engaged.

"All things are linked in public affairs and he who seeks to remain exclusively in his domain exposes himself, to discover too late

that he is overwhelmed.

"Between the United States and England, between France and the United States the same questions exist in identical form and see that solutions tried out or preparations for solution have not created the proper state of mind in the interested countries.

"We are debtors; you are creditors. It would seem that it is purely a question of the cash register.

"Are there not other considerations to take into account?"

"The European policy of England has consisted so far in holding in check, peoples of the continent and lining them up one against the other for the proper moment of intervention.

"I am confident that the eyes of the man in the street are opening, that he is seeing more clearly to day.

"It is to America that the anxiety of France is principally turned.

"You press us for payment. The debt is not a debt of commerce, but a debt of war, and you know, as do we, that our coffers are empty.

"Under such circumstances, a debtor signs notes. Also, that is what you ask of us. Yet again must we believe in a cash settlement on the day fixed. But the secret of the comedy is that the maturities are only of fictitious maturities to arrange a loan with same mortgages on our territory, like Turkey.

"If that Mr. President, is necessary, I frankly tell you that we can never accept. France is not for sale, even to her friends. We inherited her independence and independence we will leave her. Ask yourself, after President Monroe, if you seek any other fate for the American continent."

### Jury Foreman

C. P. Hoagland, of Somerville, N. J., was to be foreman of the Grand Jury investigating the Hall-Mills murder case.

### CONFIRM REPORTS OF BLOODSHED IN MEXICAN TROUBLE

Reporters Learn Police Chief Slain By Angry Mob

MEXICO CITY, Aug. 9.—A United Press correspondent touring cities and towns confirmed scanty reports received during the past week regarding killings at Guadalajara, one of the strongholds of Catholicism in Mexico.

Enraged Catholics in the Church of Jesus stabbed and killed Luis Gonzalez, chief of the police secret service last Monday night, it is learned when he disclosed his presence by shouting "Long live the constitution."

During the night Catholics guarded the church demanding that all approaching it cry "Long live Christ, our King."

Those refusing were beaten with sticks and stones. Since then similar scenes have been a nightly occurrence about the church.

Troops remained in control of churches in several interior towns yesterday as a precaution against outbreaks, but the day passed without disorders, according to brief early messages.

It was reported from Panango, State of Guanajuato, that citizens there were refusing to pay taxes to the city council.

Similar opposition to the authorities was reported from Zamora and Zappacupo in the state of Michoacan.

### CROSSING CLAIMS FIVE MORE VICTIMS

BUFFALO, N. Y., Aug. 9.—The Harlem Road "Death Crossing" of the New York Central Railroad, where many accidents have occurred took five more lives late Sunday when the westbound Ohio State Limited hit an automobile killing five men.

Charles Smith, 20, Williamsville, Harold Krieb, Cheek Towaga; Henry Link, 25, Williamsville; Roy Pope, 62, Snyder; Arthur Pope, 25, Snyder.

### TWO KILLED RESULT OF PRIMARY FIGHT

PRESTONBURG, Ky., Aug. 9.—Two men were dead and a man and woman seriously wounded here today as a result of a primary election dispute.

James and Beverly Mellon were shot to death and Mrs. James Mellon and Benjamin Lane were injured in a fight that took place on the Prestonburg Institute Campus.

Henry Mellon, brother of the two dead men, is under arrest in connection with the shooting.

### COOLIDGES LEAVE FOR WHITE HOUSE

PLYMOUTH, Vt., Aug. 9.—President and Mrs. Coolidge left here today to return to the summer White House at White Pine Camp, Paul Smiths, N. Y.

The president was escorted by Captain Wilson Brown, naval aide and Major James J. Coupal, the president's physician.

The trip is being made by motor to Ludlow, where he boards his special train which is expected to arrive at Paul Smiths late today.

### MRS. LANGLEY WINS NOMINATION FIGHT FOR CONGRESS SEAT

Kentucky Vindicates Langley By Naming His Wife

LOUISVILLE, Ky., Aug. 9.—Mrs. John W. Langley, today appeared certain as a result of Saturday's state primary to succeed to the congressional seat formerly held by her husband who now is serving a term in Atlanta, for violating the prohibition law.

Practically complete returns today from the Republican primary gave Mrs. Langley a decided majority in the tenth district over Andrew J. Kirk, appointed to fill the unexpired term of her husband.

There was no Democratic congressional candidate in the 10th district and winning the republican nomination is equal to election.

Other apparent victors in Saturday's Republican primaries were: Rep. M. H. Thatcher, Ernest Rowe and Bishop Hunsman.

Those unopposed were Mrs. W. H. Mason, Paul Garner, Trumbo Snodgrass and John M. Robinson.

In the Democratic primary, those unopposed for congressional seats were: Congressman David H. Kincheloe, Congressman John W. Moore, Congressman J. Virgil Chapman, Congressman Ralph Gilbert, Congressman Fred Vinson, and Douglas Hays.

Senator Richard P. Ernest and Albin Markley of Paducah will contend in the fall elections for the U. S. Senate seat.

### DONAHEY RECEIVES BOOM FOR PRESIDENT

WASHINGTON, Aug. 9.—A "boomlet" for governor A. Vic Donahey of Ohio for the democratic presidential nomination in 1928 was started here today by Senator Heflin, Democrat, Alabama.

In 1924 when President Coolidge swept up a strong majority in Ohio, Gov. Donahey was overwhelmingly re-elected.

The Ohio Democratic executive it is thought would satisfy Democrats who are opposed to Gov. Al Smith.

Donahey made himself popular at home by telling Gov. Smith when the latter visited Columbus recently that he never had seen New York City and had no plans for a visit.

Whether Donahey will become more than a mere possibility for the 1928 nomination depends in a large measure whether or not he receives a third term in Ohio, Heflin believes.

### TWO MEN FAIL WHERE AMERICAN GIRL SUCCEEDED IN CHANNEL

DOVER, Eng., Aug. 9.—Two men failed last night to accomplish the channel swim made by Gertrude Ederle.

Colonel Bernard Freyberg, V. C., English war hero, abandoned his effort after he had been in the water for about eight hours and made ten miles. Cold forced him to give up.

He had left Cape Gris Nez, France, about 8:45 Sunday night, cheered on his way by Miss Ederle, Lillian Cannon and Ishak Helmy, the Egyptian. At 6 a. m. today, however his tug returned to Dover.

Omer Perrault, a Canadian, also attempted the channel swim from Gris Nez last night but became separated from the motorboat while

### APPOINT DICTATOR TO RESIST REVOLTS FROM COMMUNISTS

Report Garrisons Join Trotsky—Arrests Made

STOCKHOLM, Aug. 9.—Reports received here from Moscow said that when news of the revolutionary movement reported in South Russia reached Moscow, Mensinski was appointed dictator with unlimited powers, able to arrest any communist.

The reports said several members of the party of the administration were arrested.

A majority of the soldiers stationed at Leningrad supported the new movement, it was reported and several naval aeroplanes are enroute to Leningrad, where the opposition has created a plan to co-operate with the Menshevik faction.

It was further asserted that a proclamation has been circulated in factories, demanding a general strike. According to one report a committee was established at Kiev under the slogan "Leave Moscow—we want the old regime again."

BUCHAREST, Roumania, Aug. 9.—Newspapers here published detailed reports of a revolution on South Russia, declaring that the stories are based on government information.

Investigations in government circles established beyond a doubt that reports of sanguinary uprisings in the Ukraine have been received here.

One report received here was the majority of the garrison at Irkutsk, Siberia, has joined Leo Trotsky and disarmed faithful troops under General Trubulin.

It was reported that Gregory Zinovieff, head of the Third Internationale, was injured when a bomb was thrown at him in his home. According to the stories, arrests and deportations are continuing in Moscow. It was said that faithful troops are guarding Stalin.

Other reports said the Soviet garrison at Odessa is mutinous, and that General Lesevich's troops, ordered to the Ukraine, refused to go. The soviet commissioner Dracenco sent to enforce order there, was killed when entering the general's office it was reported.

In great detail the story went on to say that soldiers beheaded the body, carrying it on a lance head before mutinous troops marching in the streets and shouting "Down with the terroristic government." Faithful troops were reported driven from Odessa and are now entrenched near a railroad station outside the city.

The story said the mutinous elements are the 20th, 25th and 35th, led by Trotsky's former adjutant, Potlocof and that casualties in Odessa disorders were high.

A conflicting and likewise unconfirmed report said that the Cheka has arrested General Lesevich, but that his soldiers and officers were not arrested.

### EARTH TREMOR IS FELT IN CHILE

SANTIAGO, Chile, Aug. 9.—A strong earth tremor was felt at Valdivia at 8:20 last night, lasting fifteen seconds.

Details were not available here. Numerous tremors occurred in Northern Chile yesterday.

The town of Valdivia, capital of the Province of Valdivia and is located on the Calle-Calle River, sixteen miles from its mouth, the latest population figures was given at about 10,000.

### EX-GERMAN FLYER INJURED IN DROP

AKRON, O., Aug. 9.—Alfred Jung, 29, former German army aviator, is believed fatally injured in a hospital here today, the result of a 1,800 foot drop at Stow flying field near Kalamazoo, Ohio, yesterday.

M. J. Short, Kent, his passenger, was also injured, but less seriously. Jung and Short were giving a demonstration of trick flying. Jung lost control and his plane crashed to the ground. A large crowd witnessed the accident.

Jung piloted planes throughout the World War and had survived two crashes.

### BURN APARTMENT AS BURGLARY FAILS

CHICAGO, Aug. 9.—Angered because they failed to find jewels and other valuables in the apartment of George White, burglars piled up White's furniture in a stack and set fire to it. Twenty one families living in the building fled to the street when dense smoke rolled out of the apartment.

The blaze was extinguished with nominal damage.

## LARGE BARN DESTROYED BY FIRE SATURDAY NIGHT--LOSS \$6,000

Three tons of green hay, almost all the farm implements, a quantity of seed, and 100 baby chicks were consumed when fire destroyed a large barn on a farm owned by Mrs. Rebecca Sanders, Spring Valley and tenanted by Lee Ferguson, six miles south of Xenia on the Cincinnati Pike Saturday night at 10 o'clock.

Loss to building and contents is conservatively estimated by Mrs. Sanders at between \$6,000 and \$7,000, partly covered by insurance on both barn and contents.

Cause of the blaze remains a mystery. Spontaneous combustion in the new green hay is being con-

sidered as one possible cause. Another theory is that a thief who may have entered the barn in the absence of the tenant, stole the chickens and set fire to the structure. Remains of the chickens have not been found.

Neighbors were quickly enrolled as volunteer firemen but when the blaze was first discovered, the building was a mass of flames and nothing could be done to avert its complete destruction.

No live stock was kept in the barn at the time.

## "BOYLESS" VILLAGE REJOICES IN BABE

LONDON, Aug. 9.—The "boyless village of England" has a boy at last.

Beanworth, in Hampshire, north-east of Winchester, was known because it did not boast any boys in its population. The parish vicar had to content himself with a choir of girls. Now he soon can have a boy soloist since Mr. and Mrs. Knight have a son.

The trouble is said to be a lack of cottages. None have been built in Beanworth for more than fifty years, so when the young men want to settle after marriage, they must usually find homes elsewhere. The young Knight boy has a slightly older sister, but the next in age among the young men of Beanworth is sixteen years old.

Mildred J. Adams was chosen "Miss Baltimore" in a beauty contest in that city.

### Health Hints by the Father of Physical Culture

One of the first objects to be kept in view in the building-up process is to secure proper activity of the alimentary canal, not through the aid of some cathartic, but through measures that will produce what we would term a normal activity of those important functions. That is one reason why we first advise a fast when one is starting on a regimen for the treatment of a chronic complaint. This gives the alimentary canal a chance to cleanse itself. It gives the various organs connected with the blood-making process a complete rest and thereafter they take up their work with renewed zest. The stomach is keenly aroused to the need for nourishment and when proper food is furnished after a rest of this kind, blood of purer quality is distributed to the depleted tissues through the entire body. A better quality of building material is furnished to all parts. The blood not only furnishes improved nourishment because it contains more life-making elements, but it is also capable on account of its added vitality of carrying the dead cells and the worn-out tissues out of the body more effectively.

Suppose, for instance, that we take a patient suffering with vital depletion, who is emaciated, a chronic bedfast invalid; his pulse is feeble, temperature slightly above normal the latter part of the day, indicating the presence of fever. In a case of this kind the complete recovery of the patient by any means could not be definitely promised. In this instance I would recommend fasting, that is complete abstinence from either liquid or solid nourishment. This fast to be continued from two to three days. The patient should have hot water whenever desired flavored with lemon juice or grape juice if preferred. It is highly advantageous to go on the exclusive milk diet after a fast of this kind. The diet may be taken as follows: First day, three meals of acid fruit five hours apart, consisting of one orange or two oranges or apples, or a similar quantity of other acid fruit; second day half pint of milk every hour; third day, half pint of milk every three-quarters of an hour; fourth day half pint of milk every half hour; fifth day and thereafter, one-half to three-quarters of a pint of milk.

## President Inspects Flowers

President Coolidge, happy to return to his home at Plymouth, Vt., spent time in the flower garden there.

### THE GENEROSITY OF FRIENDS OF THE GREENE COUNTY LIBRARY

The story of the county library exhibit at the county fair last week is page by page a story of the generosity of friends of the library and its work in the community. What the temperature failed to do toward stretching the

endurance of the library booth workers was more than counter balanced by the courteous and prompt assistance of all who were approached in the interest of the library exhibit plans.

The Board of Governors of the County Library is unwilling to spend on the fair exhibit any of the county fund for maintaining

library work. Whatever expense the display at the fair incurred has been met by personal donations from members of this board. But expenses were minimized by the help received wherever it was needed from friends of the library outside the governing board.

Messrs. Albert and Wilbur Thornhill gave the lumber used for the library booth and the shelves of the book-wagon. Mr. Wilbur Thornhill gave freely of his time in making the framework of the booth, the book-wagon shelves, and the framework for the slogan boxes. He contributed also a great deal of free drayage, in which Wilbur Acton assisted with deft movements and with enthusiasm.

Mr. B. F. Slagle, of the Poster Advertising Company, covered the framework of the booth, made screens for the library story-telling section of the tent; set up library posters on the roads and in the

Fairgrounds, and gave drayage. Mr. Carl Ervin, of the Valet Press Shop, gave us the body which was converted into the traveling library for the book-wagon.

Miss McElwain selected the books for the traveling wagon display from the County Library collection and arranged them in the wagon on the shelves. The Bryant Auto Sales Company through the courtesy of Mr. Thearl White furnished a Ford roadster, for the traveling library, gave it garage space at night and provided a driver for the parade. Mr. Archer Maxwell made practically at cost, of materials, the signs for the book-wagon and for the library story-telling hours.

Among the library story tellers there was only one, Miss Margaret Moorehead, who was a member of the library board. The other story-hours for the children were made possible by Mrs. Robert Kingsbury, Mrs. Charles Adair, Miss Mary Stewart, of Yellow Springs, Miss Thelma Barth, of

Alpha; Miss Katherine Jacobs, of Beaver; Miss Anna Belle Dean, Miss Fern Jack, and Miss Moorehead, of Xenia, acted as substitutes on very short notice.

Mrs. Charles Adair, in addition to telling stories, took charge of the story-telling car filled with children in the Friday parade. Mr. Lang, of the Chevrolet agency, offered help in preparing a float. Mr. Robert Kingsbury made the library slogans for the six boxes worn by Boy Scouts to advertise the library and its work through the grounds and in the parade.

The Anderson Flower Shop gave us an abundant supply of flowers for the library booth every day and a basket in which to put them. Mrs. Charles Kelble, of Xenia, and Mrs. Stevenson, of Yellow Springs, gave some handsome contributions of flowers. Mr. Edward Flynn made and donated the posters announcing the results of the Library Essay Contest. The Fair Board gave the money used in the essay and poster contest prizes, and as helpful and cour-

teous in numberless ways of which no detailed account can be made.

The Library Board wishes to make grateful acknowledgement to all of these friends for their assistance at the fair and for the encouragement which their help has given to those of us who have been entrusted with the work of extending the usefulness of library work in Greene County.

### LOVELY AFTERNOON

#### PARTY FOR BRIDE-TO-BE

Mrs. Wilbur Conley and Mrs. Harry Wright received forty guests at the Conley home near Cedarville, Saturday afternoon, honoring Miss Marjorie Wright, this city, whose marriage will be an event of this week.

The Conley home was beautifully decorated with Summer flowers, the colors of pink and white predominating. Part of the afternoon was spent in embroidering gifts for the bride. Later, the beautiful pageant, "Love and Marriage" was enacted by the little folks.

As the impressive strains of the Lohengrin wedding march floated through the rooms, the "bridal party" descended the stairs. The procession was led by Nancy Williamson as flower girl. She was dressed in pink and white and carried a pink basket of pink flower petals. Next came the "bride and groom." The "bride" was little Miss Martha Jane Martindale, who was frocked in white, her veil caught with orange blossoms and forming a train. She carried a shower bouquet of Summer flowers. The groom was Master John Williamson, who carried the long golden cord of love. Last came little Miss Marcella Martindale, who wore a blue frock and bore the bride's train.

The procession descended the stairs and entered Miss Wright with the "cords of love," drawing her to the dining room where the table was decked in pink and white and laden with handsome gifts.

The "bride" presented the honor guest with her bouquet and the "groom" gave her a message attached to the golden cord, telling how the gifts were to be taken to the new home to bind the old life to the new.

Dainty refreshments were then served, carrying out the colors of pink and white.

Dr. and Mrs. Arthur C. McCormick have returned from a three weeks' motor-camping trip to Canada, visiting various summer resorts and bathing beaches along Lakes Huron and Erie.

John and Frances Kelble, Jr., Columbus, are spending their vacation with their grandparents, Mr. and Mrs. A. E. Kelble, S. West St.

Mrs. Catharine Heaton, Dayton, Ave., has returned home after spending a few weeks with her son and family, Mr. and Mrs. Francis Kelble, Columbus, O.

Mr. and Mrs. Roy Buckles and two children, W. Second St., are spending two weeks at Russell's Point.

Mrs. Fred Horner, W. Second St., returned Sunday from Richmond, Ind., after two weeks visit with her sister, Mrs. Lee Nicholson, Mr. Horner and daughter, Mildred motored to join her Sunday.

McGervey Class, Trinity M. E. Church, will hold the annual picnic at the country home of Mrs. Frank Frisbee, Stone Road, next Wednesday. Anyone without means of transportation is asked to call Mr. Marvin Moore or Mr. William Wike.

# Merchants Defeat Police At Washington Park

## HARRIS HURLS WELL AND SUBDUES JOHN LAW HERE HANDILY

### Fluke Triple Saves Visitors From Shut-Out In Ninth

Behind the excellent hurling of Harris, a product of a Southern state, the Xenia Merchants defeated the Dayton Police in a well played game 6 to 1 Sunday afternoon at Washington Park.

Harris pitched shut out ball, limiting the visitors to three widely scattered hits and was deprived of a shut out when the Police scored once in the ninth inning on a fluke triple and a passed ball.

The cops were completely submissive in a batting way the whole game. The visitors filled the bases with two out in the first inning and could not score and thereafter Harris was master of the proceedings.

Besides being stingy with hits, the Merchant pitcher struck out eight and walked two.

Harlow's double in the first with none out, a single by Probst in the fourth with two gone and Huffman's fluke triple in the ninth were the only occasions on which Dayton could solve the delivery of Harris.

The only run tallied by the Police came with one out in the final inning. Huffman hit a single over third which King lost in the tail grass. Before the ball was retrieved Huffman was resting on third. A passed ball by White permitted him to cross the plate and prevented Harris from scoring a well-earned shut out victory.

Meanwhile the Merchants were having trouble of their own in solving the curves of Sillen. The lone nine counted a marker in the first, aided by two errors, although the Police inserted a fast double-killing in this inning.

Porter led off with a single past third. King reached first safely when Sillen fumbled his bunt. Rice hit into a fast double play, Tidd to Beeler to Taylor, extinguishing King at second but Porter reached third from where he scored on Taylor's muff of Probst accurate throw on Ward's bounce.

The Merchants were then blanked for four innings but scored once more in the sixth. King doubled, stole third and scored on Ward's sacrifice bunt.

The big scoring inning came in the seventh when Sillen weakened and allowed four tallies. He made his first mistake by walking the first man up, Flippino. White sacrificed but Harris singled, sending the runner to third. Porter sacrificed, Flippino scoring. King walked and Rice doubled over second scoring Harris. Ward cleared the bases with the longest hit of the day, a resounding triple to right center.

The main feature of the game was the wonderful support accorded Harris by his mates. Playing errorless ball, several players were outstanding for well-nigh impossible catches and stops of ground balls.

Left fielder King, in the seventh, robbed Probst of a sure hit by a shoe string catch of his high fly back of third. In the same inning Gardin made a wonderful bare hand stop and throw of Harris' hard grounder. In the eighth Tidd was deprived of a single by an excellent stop of his hit by Rice. Merchants will play the Dayton Blue Ribbons next Sunday.

## TILTON FOOTBALL SQUAD PLANS MEET FOR ORGANIZATION

Reorganization of the Tilton's "33" football eleven for the fall season will take place at a meeting of all old members of the squad and such prospective new members as may care to attend at the home of Paul Fuller, 2 Thornhill Ave., Tuesday night at 7:30 o'clock, it is announced.

In line with organization and the outlining of plans for the approaching season, the team expects to select a manager, field captain and coach at the meeting.

It is planned to inaugurate practice September 1.

The aggregation of stars that represented the Tiltons on the gridiron last season is expected to be available again this year, with the possible exception of "Abe" Lincoln who is in Chicago at present. It is uncertain whether he will be available again this fall.

Besides the old guard, any new players who wish to join the local eleven, will be welcomed at the meeting.

The team expects to place an even stronger eleven in the field than last year.

## BELL EMPLOYEES AT CONFERENCE HERE

Monthly joint conference of the Dayton and Springfield Districts, Ohio Bell Telephone Co., was held at the Masonic Temple, this city, Saturday. These meetings are composed of the officials of commercial plant, traffic and engineering departments. Fourteen attended the Xenia meeting.

The session was conducted under the chairmanship of Harry E. Allen, district commercial manager, Dayton, who, it was announced recently, was elected to the presidency of the N. C. Kinsbury Chapter of Telephone Pioneers of America at their annual meeting at Cedar Point, June 24-25. Mr. Allen is well known in Xenia.

## BOWERSVILLE WINS FROM SPRINGFIELD ATHLETICS SUNDAY

Avenge a previous 8 to 7 setback, the Bowersville Bayliffs pounded out fifteen hits and a 9 to 4 victory over the Springfield Park Athletic Club Sunday afternoon at Bowersville.

Every member of the team with the exception of a recruit player, obtained at least one safety. The team has enjoyed batting sprees in its last three games during which the Bayliffs have collected forty-three hits for an average of fourteen per game.

Lucas was in fair form and although granting ten hits, managed to keep them fairly well scattered and was in holes in only three innings.

Springfield got away to a two-run lead in the first but this was soon overcome, the Bayliffs scoring once in each of the first three innings and four times in the fourth. Two more were added in the seventh to make the contest safe.

D. Murrell led the home team at bat with three hits.

Bowersville will play either the Springfield Triangles or the Springfield Tramps next Sunday afternoon at Bowersville, the game being called at 2 p. m., standard time. Score by innings—

Bowersville	2	0	0	0	1	1	0	0	4	10	2
Batteries—	Springfield, Fry and Holcomb; Bowersville, Lucas and Murrell.

## GET OUT AND VOTE TUESDAY

### YOURS IS THE RESPONSIBILITY FOR GOOD GOVERNMENT

Government of the United States of America is for the people and by the people.

It can not in any way be BY THE PEOPLE, unless the people do their duty as citizens and vote at all elections. The right to vote, given to all citizens of America, is the right to choose between good, bad or indifferent government.

GREENE COUNTY DOES ITS ELECTING AT THE PRIMARY.

Therefore the PRIMARY cannot be over-emphasized. Unless you are interested in the government, the government will not be interested in you or your affairs.

The main way to show interest in government is to VOTE.

If you fail to vote and an administration, county, state or national, unfavorable to you, gains the balance of power and does things you do not like, no person but YOU is to blame.

The Ohio Primary election, Republican and Democratic, is on Tuesday, August 10. Be sure to vote. Vote for the persons you think best qualified to hold the offices at issue—BUT VOTE.

THE RIGHT TO VOTE CARRIES WITH IT THE DUTY TO VOTE.

IF OUR GOVERNMENT IS TO BE RUN BY THE PEOPLE AND FOR THE PEOPLE THEN PEOPLE MUST VOTE.

GOOD CITIZENSHIP DEMANDS THAT YOU VOTE. GET OUT TO THE POLLS ON TUESDAY, AUGUST 10TH—RAIN OR SHINE.

## RESERVES TAKE FIRST GAME IN SERIES WITH HARSHMANVILLE

The winning streak of the Xenia Reserves was brought to seven straight when Manager Cyphers pitched his team to a 5 to 2 victory over Harshmanville in the first of a three game series Sunday afternoon at Harshmanville.

The second game and the third, if necessary, will be played at Washington Park in Xenia beginning next Sunday as it is understood the Harshmanville ball park has been purchased by Wilbur Wright Field and will be razed this week.

Both Cyphers and Glass pitched a good brand of ball but the Reserve hurler had superior control and kept the hits of the opposition better scattered than his rival moundman.

Jug Conley, a former Harshmanville player, contributed much to his former team's defeat by clouting a home run, two doubles and a single in five trips to the plate. Frank, Reserve catcher, was also in a hitting mood and connected safely three times. Cain was also good for a brace of singles. H. Greene, with three singles, led the Harshman team at bat.

Reserves were the first to score in the second inning. Valentine singled. Shadley was safe on an error and after the first batter went to third, stole second, from where both men scored on a hit by Cain.

The team added two more in the fifth when with Frank on first, Conley hit a home run over the fence, a long drive as the Harshman field is larger than the average.

The fifth run in the seventh found Frank and Conley again in prominent roles. The catcher singled, Conley doubled to right scoring him.

Reserves were the first to score in the second inning. Valentine singled. Shadley was safe on an error and after the first batter went to third, stole second, from where both men scored on a hit by Cain.

## HEAVY VOTE EXPECTED TUESDAY AS PARTIES PICK CANDIDATES

A much heavier vote than was cast at the general election two years ago is expected to be cast in Greene County when citizens go to the polls for the primary election Tuesday, is the belief in local political circles, based upon conditions preceding the primary.

Interest in the primary is very acute among voters and apathy on the part of the electorate is difficult to find as the primary nears. The polls will open at 5:30 a. m., and close at 5:30 p. m., Central Standard time, Tuesday. This is 6:30 a. m., and 6:30 p. m., Daylight Saving time. These hours conform with the time for opening and closing the polls prescribed by law, according to Earl Short, clerk of the board of elections.

A reason for the expected heavy vote is that local contests, for at least four different county offices have aroused much more than the usual interest. In the talk of the average voter, races for sheriff, treasurer, recorder, and auditor have a prominent place.

Candidates for state offices have made only desultory canvasses of the county and have confined their campaigning for the most part to calls on political leaders, having made practically no attempt to stir up interest of voters at large.

One of the principal topics of discussion is the drive of a growing faction to sweep the Marshall Gowdy ring from control of Republican politics in this county, through the medium of gaining a majority of places on the Republican County Central Committee Tuesday. The Democrats also have a contest for positions on the Democratic central committee.

Returns will be watched with interest by many as they are thrown upon a screen in front of the Gazette building, Tuesday night. Voting places for the various precincts in Xenia city for the primary election Tuesday will be as follows:

Pct. 1—Pratt's Grocery, W. Main St.  
Pct. 2—Anna Comfort, Cincinnati Ave.  
Pct. 3—John Dugan, Charles St.  
Pct. 4—Greene County Lumber Co., N. Detroit St.

## BOMB WRECKS HOME OF KENTUCKY MAN

KENTON, O., Aug. 9.—Authority on high explosives today examined particles of a bomb which wrecked the home of Mr. and Mrs. James Fulton here.

The blast ripped three sides of the house from the foundation and splintered most of the foundation splintered most of the furniture. Fulton and his wife were absent at the time. The motive for the bombing is not known.

## DAYTON MAN BRUISED IN AUTO COLLISION

John Pyles, Dayton, was bruised about the head but not seriously hurt when his touring car and a roadster driven by Harold Jenks, Towler Road, collided at Main and West Sts., Sunday night at 6 o'clock.

Jenks was driving north on West St., and Pyles west on Main St. Both machines were damaged.

Jenks is alleged to have abandoned his car and escaped after the accident. Police confiscated his auto and were searching for the driver Monday.

## FORMER XENIAN IS CALLED BY DEATH

Mr. and Mrs. J. H. Whitmer received a wire Monday afternoon, telling of the death of Frank Burdette Armstrong, 27, formerly of this city, which occurred at an El Paso, Tex., hospital, Monday morning.

Mr. Armstrong made his home for ten years with Mr. and Mrs. Whitmer, his uncle and aunt. He went to Tucson, Ariz., from Xenia, for his health, ten years ago and only recently transferred to El Paso. His death was caused by tuberculosis and heart trouble.

Mr. Armstrong was born in Chicago, October 27, 1899. His parents were the late Frank and Louise Greenleaf Armstrong. They died when he and his twin sister, Miss Helen Armstrong, now of New York were quite young, and Burdette was reared by Mr. and Mrs. Whitmer.

He graduated from Central High School in 1918 and attended Ohio Wesleyan University at Delaware, two years.

The body will be brought to Xenia for interment. Funeral arrangements will be announced later.

## CINCINNATI VOTES ON EASTERN TIME

Cincinnati voters are to decide upon the question of permanent adoption of Eastern Standard time at the primary Tuesday—an important question that will be watched with keen interest by other cities in the state and one that may have a far-reaching effect on Ohio's future time standard.

If the Queen City electorate approves the plan of advanced time, railroads between that city and Columbus must necessarily revise schedules to conform with Eastern

## YOUNG MATRON DIES SUDDENLY SATURDAY

Coming as a shock to relatives  
and friends, the death of Mrs.  
Marjorie Lambert Ankeney, 35,  
wife of Albert Ankeney, Jr.,  
Beavercreek, occurred suddenly  
Saturday evening at 8 o'clock at  
Espey Hospital, this city.

Mrs. Ankeney had been in her  
usual health but was suddenly  
seized with a severe hemorrhage  
in Dr. Paul D. Espey's office, Sat-  
urday evening. She was imme-  
diately rushed to the hospital and  
several doctors and nurses were  
summoned. The hemorrhage was  
soon stopped but the loss of blood  
was so great that she was unable  
to rally and passed away in a  
short time.

Mrs. Ankeney was one of the  
best known young matrons of the  
Beavercreek vicinity. She was a  
devoted wife and mother and her  
sudden death has caused wide-  
spread bereavement.

She was born near Franklin, O.,  
February 11, 1891, the daughter  
of Mr. and Mrs. Edward Lambert,  
now of Miamisburg, O. She grad-  
uated from Miamisburg High  
School and from Teachers' Col-  
lege, Miami University. Mrs. An-  
keney taught for two years in Mi-  
amisburg before her marriage,  
which occurred June 5, 1919.

She was affiliated with the  
Beaver Reformed Church and  
taught in the Sunday School.

Besides her husband, three chil-  
dren, Davis Lambert, Mary Eloise  
and Philip Nevins survive with her  
parents, two sisters and two  
brothers, Mrs. Emory Teale, Day-  
ton, Mrs. Paul Dickey, German-  
town, and Allen and Henry Lam-  
bert, both of Miamisburg.

Funeral services will be held at  
the Albert Ankeney Sr. home in  
Beavercreek Tuesday at 1 o'clock;  
central standard time. Interment  
will be made in Beaver Cemetery.

These nuns were the first refugees from the religious strife in Mexico to arrive in New York.

## Object of Pilgrimage

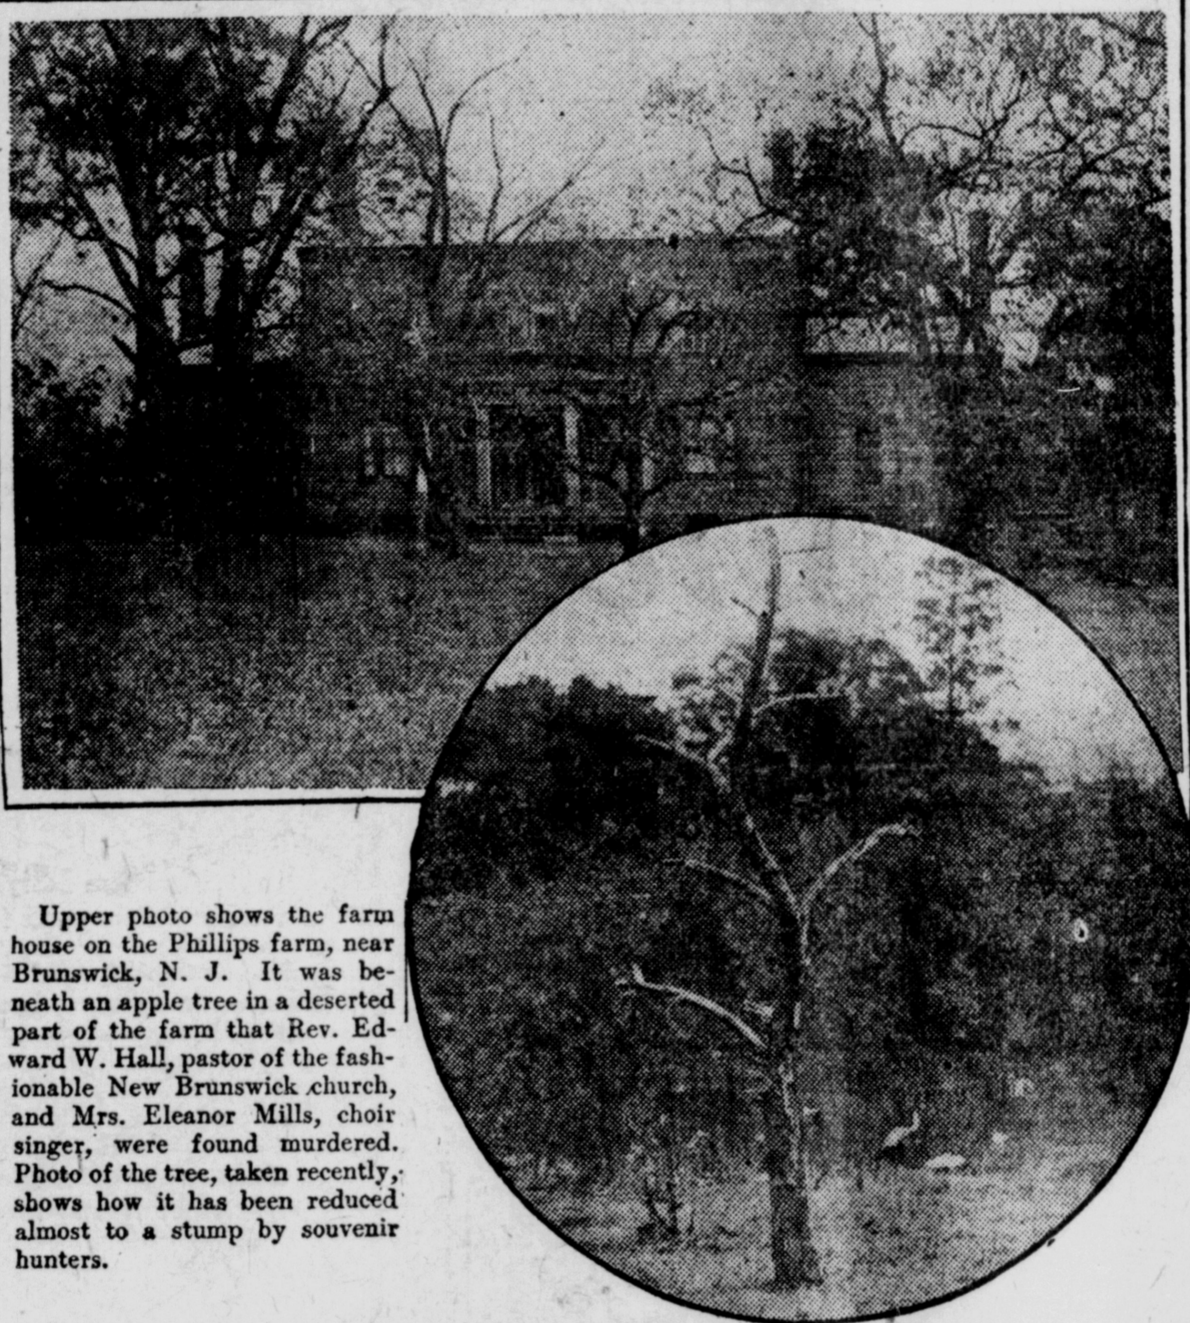

Thousands of Mexicans made a pilgrimage to this famous statue of the Virgin of Guadalupe, believed to be of miraculous origin. The supplicants asked aid for the Church against the action of President Calles.

## Mexico Arms Against Violence in Church Strife

Every available soldier has been mobilized by the Mexican government to protect property and maintain order during the religious "civil war" which is shaking Mexico. Troops are seen here resting in a Mexico City municipal building after a forced march in from an outlying barracks.

## Where Rev. Hall and Mrs. Mills Were Murdered

Upper photo shows the farm house on the Phillips farm, near Brunswick, N. J. It was beneath an apple tree in a deserted part of the farm that Rev. Edward W. Hall, pastor of the fashionable New Brunswick church, and Mrs. Eleanor Mills, choir singer, were found murdered. Photo of the tree, taken recently, shows how it has been reduced almost to a stump by souvenir hunters.

## Revelations of Poison Liquor Ring Loom as Death List In Buffalo From Deadly Alcohol Grows: Some of Victims

Out of the death of over 40 persons and the maiming for life of others officials of Buffalo, N. Y., hope to bring to light—and justice—the leaders of a poison liquor ring said to have furnished the poisonous alcohol for distribution. James Voelker, arraigned on a charge of first degree murder in connection with the distribution of the liquor will "tell everything" according to his attorney. Joseph Sucharski, in whose store the first fatality occurred, was one of the victims. His wife is held as a material witness. Geo. Sokolski, is permanently blind from the liquor. Carl Maischoss, soft drink saloon proprietor in whose place some of the booze was found, is helping authorities uncover other sources of supply. Over 100 gallons of gin made from wood alcohol was found in the cellar of Joe Mucha's store. He is being held.

## WHO'S WHO IN THE STORY:

**ROSILYN RIDGEWAY** learns on her wedding day from idle gossip that she has been married for her money. Before her enormous fortune was left her, she had been an over-worked little drudge in her father's inn.

**LANDIS RIDGEWAY**, her husband is a brilliant, fascinating man, who was forced into the marriage by his mother.

**FLORENCE RIDGEWAY**, an aristocratic old lady, who saw poverty staring her in the face, and chose the easiest way out. Rosilyn loving her husband, knows that he is still in love with Lydia Harbrook, a beautiful, cold society girl who is bent on marrying.

**STEVIE VAN VORST**, a wealthy old rascal, although she is really fond of Ridgeway. She is in Paris when the news reaches her of Landis' marriage and she hastens back to the United States. With her goes Rupert Briscoe, a dissipated man of the world, who has seen Rosilyn but once, and yet is deeply interested in her. Lydia learns of this interest, and when the two reach New York, she suggests that they ask the young Ridgeways to dinner. She and Briscoe concoct a plot whereby through an apparent misunderstanding Rosilyn and Briscoe will be left alone together, while she will be with her beloved Landis.

Landis, finding himself alone with Lydia falls under her spell once more. Some hours later that evening, Rosilyn who is bewildered to find herself spending the evening in the company of Rupert Briscoe, sees her husband dancing with Lydia—in his eyes a look of rapture. She believes he has seen her but is too rude—or ashamed—to speak. Briscoe asks her to go on to a night-club, and in a mood of recklessness she consents.

In Paris Van Vorst, realizing the reason for Lydia's sudden trip to America and hungering for her love, decides to use Marietta, a dancer and sweetheart of Briscoe's in connection with a plan. These two arrange to come to New York where Marietta is to vamp Landis away from Lydia, leaving a clear field for the elderly schemer.

Long after Rosilyn's return home Lydia, by a clever ruse persuades Landis to take her for a taxi ride to Jersey. There in the early dawn speeding through the country side his old infatuation asserts itself and he gathers the girl in his arms.

Landis returns from Jersey leaves Lydia and upon finding his wife's door locked decides to put up at his club. Early the next morning he receives a phone call from Lydia.

At about the same time Rosilyn awakes, finds that Landis is missing, and greets his mother who has come for a chat. The latter intimates that the girl had better not allow her son too much rope.

Mrs. Ridgeway leaves while Rosilyn makes elaborate preparation to meet Landis and select furnishings for their home. She takes special pains with her clothes realizing that she must compete with the fair Lydia.

### CHAPTER XLII

#### A Weak Excuse

But Rosilyn had qualms about the 'tout ensemble.' It was rather like playing charades, this frock! A quaint dressed-up feeling! Reflected in the long pier-glass of her room, she resembled the little girl of long ago who—at a children's party—had arrayed herself in a grown-up gown.

It was half past twelve, and more, before the 'phone bell rang. With an acceleration of the heart, she ran to answer it, almost tripping in her draped Parisian gown.

Would it be Landis?

Had he remembered their engagement?

Was he annoyed with her over last night's episodes?

"That you, Rosilyn?" His attractive tones drifted over the wire.

"Yes."

"Landis speaking. My mother has just called me up and said I had an engagement to take you out to lunch today. Is that a fact?"

"You did say something about the Ritz-Carlton. And then—to go down to Royal Cliff—the new wallpaper—"

At the other end of the wire she could just catch a muttered exclamation of annoyance, instantaneously stifled.

Then—

"I'm most frightfully sorry, Rosilyn, but I've got my appointments jangled, rather. I've just fixed up a luncheon engagement—accepted an invitation, that's to say. I remember now about the trip to Royal Cliff. I can make the 2:15 all right—but I'll have to ask you to excuse me from the lunch today? You will, won't you? Tomorrow I'll take you to the Ritz—if you'll be sweet enough to come? I'm ever so sorry."

"It's all right," she forced her lips to utter. (Fixed up a luncheon engagement, had he? And even now, when he could have included her, his wife, he didn't! She saw Lydia Harbrook's hand in this!)

"I'll meet you at the train," his voice went on, apologetic.

She agreed, and then rang off. Immediately the bell resounded. She took the receiver off its hook.

"I say, Rosilyn—" Landis' tone again—"don't stay up all by yourself in the suite, but go down to the main dining-room for lunch, will you? I hate to think of you alone, and maybe moping—"

There was real solicitude as well as apology in the suggestion. Was Landis' conscience pricking? Was he merely trying to be kind?

"Oh, very well." She couldn't force enthusiasm this time. "I'll go down, though I'm not a bit hungry." Then, plucking up her courage—

"You see, I was awfully late last night—I mean, this morning—and I had a cup of coffee not so long ago."

(Would that bring forth some explanation of his queer behavior?)

Silence for a moment. Then Landis said—

"Our host of last night muddled things up pretty thoroughly. But he's given me a sufficient explanation. He's at the club now with me."

Rosilyn was startled. So Mr. Briscoe was with Landis?

And what had the two men told each other?

Conjecture was quite profitless. She went down to the restaurant. Painfully shy, she wondered if she would ever learn the 'savoir faire' of the women all about her? How easily they mixed and spoke! Such a complete lack of 'faucherie'!

The menu was beyond her. The waiters overawed her. She sat back in her corner of the dining-room, a shy, lonely girl with a mind full of puzzling problems.

"Fried sole. That will be quite enough, thank you."

She had given her order, and the waiter had withdrawn, when suddenly she was conscious of a man approaching—a handsome, very well dressed person heading directly for her corner table.

"Mr. Briscoe!" She flushed up.

"You—here?"

He bent over her hand in greeting.

"I was with Landis when he

called you up. I understood you were lunching alone here, and as I was at a loose end myself, I thought you wouldn't be too angry if I came along? May I sit down?"

She was confused. So soon—after last night—this meeting!

A waiter hurried forward to place the chair for Mr. Briscoe. His epicurean palate, coupled with his generous purse, made him a well known figure in every New York restaurant of the better class.

## FORTY-THREE BATHERS DROWN OVER WEEK END

### UNDERTOW RESULTS IN ELEVEN CLAIMED IN LAKE AT BUFFALO

Eleven Drowned at New York Beaches Also Report

Bathing beaches took a heavy toll of life in the U. S. over the week end.

Reports to the United Press today showed at least forty-three drownings through the country.

The greatest loss of life at one spot was on Lake Erie, near Buffalo where forty bathers were caught in a freak undertow and carried out into the lake. Many escaped but eleven bodies had been recovered today.

Beaches and rivers around New York and in New Jersey took eleven lives. Boston reported nine in that vicinity.

Pennsylvania reported four; Ohio one; Missouri, two; Indiana, one; Oregon, one, and California, one.

BUFFALO, N. Y., Aug. 9.—Eleven bodies of swimmers caught in a violent undertow on Lake Erie near Farnham had been recovered today.

Searchers patrolled the shore all night looking for bodies. Flares were set off and bonfires built to illuminate the water line.

Approximately forty bathers were caught in the sudden undertow, which occurred late yesterday while Sunday crowds were in the water at Brant Beach. Bodies recovered were those of:

Ann Hartman, 14; Hilda Timmonman, 17; Howard Timmonman, 18; Glenn Bronson, 17; Gladys Bronson, 15; Elmer Henry, 19; E. Carson, 30; Yvette Henry, 21; Erna Lange, 35; John Augustine, 21; and an unidentified woman, apparently 25.

Sweeping in with the suddenness of a tidal wave, the undertow seized the bathers and carried them struggling far out into the lake. Many other barely escaped a similar fate.

"We were caught by the undertow that just knocked us off our feet and threw us back into the water. We struggled against the current, but were managed to get through," declared Blaine Nichols, 18, Buffalo, one of the survivors. "We couldn't stop ourselves; the undertow just pushed us along. And the first thing was we were floundering around in deep water. After that, it was a case of luck."

NEW YORK, Aug. 9.—Eleven persons were drowned in the Metropolitan area and nearby Jersey districts yesterday. Heavy seas contributed to the death of eight along the Long Island shore and at New Jersey resorts.

Three persons, all men, met death in the Hudson and North Rivers. Nineteen persons were rescued off Rockaway Beach during the day.

BOSTON, Aug. 9.—Nine deaths from drowning occurred near Boston during the week-end. The list comprises five boys and four men, most of whom lost their lives at beaches.

### DEMAND REMOVAL OF TWO CITY OFFICIALS

STEBENVILLE, O., Aug. 9.—Petitions were circulated here today demanding the removal of Mayor J. S. H. Patton and Chief of Police Blaine E. Carter.

The petitions were first circulated in seven churches of the city last night. The action marked the return to politics of W. R. Albano, former prosecutor after fifteen years retirement.

"If I can do anything to get Steubenville out of the morass in which it has sunk, it will be worth the effort my return to politics is costing," he said. The petitions specify, with names and locations, eighty alleged places of vice in Steubenville.

### OHIO BANKERS TO MAKE STATE TOUR

COLUMBUS, O., Aug. 9.—Thirty officials of Ohio Banks, Grange, Farm Bureau and Ohio State University Agricultural Department, will leave here tomorrow on the first annual agricultural tour of the Ohio Bankers Association. The party will travel in two buses.

The 400 mile trip will take the party through eight counties of Northwestern Ohio. Inspection will be made of a number of poultry and cattle farms, orchards and modern methods of farming.

The party will return to Colum-

### NEWSPAPERS WILL THROW RESULTS OF PRIMARY ON SCREEN

Fastest Possible Information Gained For the Public

Following the policy of The Evening Gazette and the Morning Republican in giving the public the best possible information on election returns, the public is cordially invited to attend the election party of these newspapers Tuesday night.

The public will be provided with returns from both the state and local primary contests with all possible speed through the most modern mediums of telephoning and other means of communication.

The office of these newspapers will be kept constantly informed by telephone with the headquarters of the United Press at Columbus of results over the state.

The papers will also be in direct communication by messenger service with the office of the board of elections enabling returns from the Greene County contests to be forwarded to the public almost as soon as they are officially tabulated.

A running total will be kept on tally sheets listing the precincts and in addition, information will also be available in bulletins to be thrown on a screen in front of the Gazette Bldg., St. Detroit St.

The apparent above-normal interest in this campaign, in which Greene County will practically elect its county office-holders, resulted in the decision to throw the results on the screen in front of the building. The public is invited to vantage points on Detroit St., where the bulletins may be seen.

### STOCK MARKET IS MOVING UPWARD

NEW YORK, Aug. 9.—Resumption of the upward movement in the stock market which was characterized last week by the spectacular behavior of General Motors, was seen in active trading at the opening today.

General Motors began the day with a split opening at 220 and 221, up three and four points, a new high record price for the stock. U. S. Steel opened up more than a point. After rising still further both leaders sagged off somewhat. Dupont showed a gain of four and one-half points at 307.

### INVESTIGATORS EUP M'DERMOTT MURDER GIVE UP M'DERMOTT

CANTON, Aug. 9.—Conviction that the murder of Don R. Mellett, publisher and reformer, must be solved without the help of Patrick McDermott, grew among investigators here today as he continued to evade arrest.

McDermott is believed to have information that would betray Mellett's assassins although he is not regarded as one of the killers.

Detectives are of the opinion he was hired as a decoy to mislead authorities.

Ora Slater, Stark County special investigator, refused to give up hope of capturing McDermott and reiterated his belief that the fu-

## Clemenceau Asks For Tolerance

PARIS, Aug. 9.—Georges Clemenceau, dean of French statesmen, has stirred the nation by his open letter to President Coolidge, in which he asked for tolerance on the question of the French debt, declaring that France was "not for sale" and would not sacrifice freedom for the payment of debts.

The declaration met with unanimous approval here and was hailed as expressing the opinion of a majority of Frenchmen.

The Journal Des Debats, in a leading editorial, said that "Clemenceau desired merely to throw light on all aspects of the problem of debts."

"Our debts have a special character and cannot be settled like a simple bank account," the editorial continued. "It is futile to try to get France to ratify an agreement which it is unable to carry out."

The Clemenceau letter was written by the 85-year-old "Tiger" from his seaside home in Vendee. It follows:

"Mr President: There has arisen between three great countries, allied and associated powers of the war, differences of opinion regarding the settlement of accounts which threaten seriously to affect the future of the civilized world."

"Everywhere technicalities of finance and diplomacy are at work. A technician is often a man who likes to isolate a problem from those in the ordination of which he is engaged."

"All things are linked in public affairs and he who seeks to remain exclusively in his domain exposes himself, to discover too late that he is overwhelmed."

"Between the United States and England, between France and the United States the same questions exist in identical form and see that solutions tried out or preparations for solution have not created the proper state of mind in the interested countries."

"We are debtors; you are creditors. It would seem that it is purely a question of the cash register. Are there not other considerations to take into account?"

"The European policy of England has consisted so far in holding in check, peoples of the continent and lining them up one against the other for the proper moment of intervention."

"I am confident that the eyes of the man in the street are opening, that he is seeing more clearly today."

"It is to America that the anxiety of France is principally turned."

"You press us for payment. The debt is not a debt of commerce, but a debt of war, and you know, as do we, that our coffers are empty."

"Under such circumstances, a debtor signs notes. Also, that is what you ask of us. Yet again must we believe in a cash settlement on the day fixed. But the secret of the comedy is that the question here is only of fictitious maturities to arrange a loan with same mortgages on our territory, like Turkey."

"If that Mr. President, is necessary, I frankly tell you that we can never accept. France is not for sale, even to her friends. We inherited her independence and independence we will leave her. Ask yourself, after President Monroe, if you seek any other fate for the American continent."

### CLEMENCEAU PLEA NOT TO INFLUENCE U. S. IS STATEMENT

Foreign Debt Policy Not Affected By Letter, Is Said

PLYMOUTH, Vt., Aug. 9.—George Clemenceau's appeal to President Coolidge not to allow the French debt to be treated only as a monetary transaction, can in no way influence the attitude of the U. S. Government toward the French financial obligation to us, it was indicated by a spokesman for the president.

Although the president has not as yet had official cognizance of Clemenceau's letter, nor studied the document in detail, he is said to take the position that the debt settlement is a closed issue so far as the United States is concerned.

WASHINGTON, Aug. 9.—The open letter of Georges Clemenceau to President Coolidge interpreted here as an appeal for debt cancellation, will have no effect on the administration's foreign debt policy, officials were agreed today.

The French funding settlement, which the American debt commission signed in good faith with Ambassador Berenger has passed the house and has been placed before the senate and therefore is no longer in the hands of President Coolidge or the treasury it was said.

Officials who have in the past sympathized with France have expressed regret that Clemenceau and other French leaders continue an argument which is creating anti-French feeling among the American people.

Though Washington officials have decided to meet foreign attacks on their debt policy with silence, the Clemenceau letter coming after the British and French epithets of "Shylock" is creating bitterness even in official circles.

There are about 3,445,000 qualified voters in the state and on a basis of twenty-two per cent casting ballots tomorrow, the vote will not exceed 957,000 votes. The last primary vote was about 20,000 higher but that was a presidential election. In 1922 the total vote was about 40,000 below this estimate.

Chief interest centered about the Republican gubernatorial candidates as the various political campaigns were closed. The unusual number of candidates seeking the honor has added interest to the contest.

The only other ace which has aroused passing interest is that for the Democratic nomination to the U. S. Senate between Judge Florence Allen and Atlee Pomerene, former senator.

### OHIO ELECTORATE APATHETIC IN FACE OF PARTY PRIMARY ELECTIONS TUESDAY

COLUMBUS, O., Aug. 9.—The electorate of Ohio appeared apathetic today on the eve of the state Republican and Democratic primaries and indications were a light vote would be cast tomorrow.

On a basis of past records and because of the general lack of interest, it was predicted here that not more than twenty-two per cent of Ohio's qualified voters will go to the polls to select party nominees for United States Senate and state offices.

The last primary vote was about 20,000 higher but that was a presidential election. In 1922 the total vote was about 40,000 below this estimate.

Chief interest centered about the Republican gubernatorial candidates as the various political campaigns were closed. The unusual number of candidates seeking the honor has added interest to the contest.

The only other ace which has aroused passing interest is that for the Democratic nomination to the U. S. Senate between Judge Florence Allen and Atlee Pomerene, former senator.

There are about 3,445,000 qualified voters in the state and on a basis of twenty-two per cent casting ballots tomorrow, the vote will not exceed 957,000 votes. ### CONFIRM REPORTS OF BLOODSHED IN MEXICAN TROUBLE

Reporters Learn Police Chief Slain By Angry Mob

MEXICO CITY, Aug. 9.—A United Press correspondent touring cities and towns confirmed scanty reports received during the past week regarding killings at Guadalajara, one of the strongholds of Catholicism in Mexico.

Enraged Catholics in the Church of Jesus stabbed and killed Luis Gonzales, chief of the police secret service last Monday night. It is learned when he disclosed his presence by shouting "Long live the constitution."

During the night Catholics guarded the church crying "Long live Christ, our King."

Those refusing were beaten with sticks and stones. Since then similar scenes have been a nightly occurrence about the church.

Troops remained in control of churches in several interior towns yesterday as a precaution against outbreaks, but the day passed without disorders, according to brief early messages.

It was reported from Panango, State of Guanajuato, that citizens there were refusing to pay taxes to the city council.

Similar opposition to the authorities was reported from Zamora and Zappacapa in the state of Michoacan.

Other apparent vectors in Saturday's Republican primaries were: Rep. M. H. Thatcher, Ernest Rowe and Bishop Huntsman. Those unopposed were Mrs. W. H. Mason, Paul Garner, Trumbo Snedegar and John M. Robinson.

In the Democratic primary, those unopposed for congressional seats were: Congressman David H. Kincheloe, Congressman John W. Moore, Congressman J. Virgil Chapman, Congressman Ralph Gilbert, Congressman Fred Vinson, and Douglas Hays.

Senator Richard P. Ernest and Albin Markley of Paducah will contest in the fall elections for the U. S. Senate seat.

### MRS. LANGLEY WINS NOMINATION FIGHT FOR CONGRESS SEAT

Kentucky Vindicates Langley By Naming His Wife

LOUISVILLE, Ky., Aug. 9.—Mrs. John W. Langley, today appeared certain as a result of Saturday's state primary to succeed to the congressional seat formerly held by her husband who now is serving a term in Atlanta, for violating the prohibition law.

Practically complete returns today from the Republican primary gave Mrs. Langley a decided majority in the tenth district over Andrew J. Kirk, appointed to fill the unexpired term of her husband.

There was no Democratic congressional candidate in the 10th district and winning the republican nomination is equal to election.

### APPOINT DICTATOR TO RESIST REVOLTS FROM COMMUNISTS

Report Garrisons Join Trotsky—Arrests Made

STOCKHOLM, Aug. 9.—Reports received here from Moscow said that when news of the revolutionary movement reported in South Russia reached Moscow, Mensinski was appointed dictator with unlimited powers, able to arrest any communist.

The reports said several members of the party of the administration were arrested.

A majority of the soldiers stationed at Leningrad supported the new movement. It was reported and several naval airplanes enroute to Leningrad, where the opposition has created a plan to co-operate with the Menshevik faction.

It was further asserted that a proclamation has been circulated in factories demanding a general strike. According to one report a committee was established at Kiev under the slogan "Leave Moscow—we want the old regime again."

BUCHAREST, Roumania, Aug. 9.—Newspapers here published detailed reports of a revolution on South Russia, declaring that the stories are based on government information.

# LARGE BARN DESTROYED BY FIRE SATURDAY NIGHT--LOSS \$6,000

Three tons of green hay, almost all the farm implements, a quantity of seed feed and 100 baby chicks were consumed when fire destroyed a large barn on a farm owned by Mrs. Rebecca Sanders, Spring Valley and tenanted by Lee Ferguson, six miles south of Xenia on the Cincinnati Pike Saturday night at 10 o'clock.

Loss to building and contents is conservatively estimated by Mrs. Sanders at between \$6,000 and \$7,000, partly covered by insurance on both barn and contents.

Cause of the blaze remains a mystery. Spontaneous combustion in the new green hay is being con-

## "BOYLESS" VILLAGE REJOICES IN BABE

LONDON, Aug. 9.—The "boyless village of England" has a boy at last.

Beanworth, in Hampshire, north-east of Winchester, was known because it did not boast any boys in its population. The parish vicar had to content himself with a choir of girls. Now he soon can have a boy soloist since Mr. and Mrs. Knight have a son.

The trouble is said to be a lack of cottages. None have been built in Beanworth for more than fifty years, so when the young men want to settle after marriage, they must usually find homes elsewhere. The young Knight boy has a slightly older sister, but the next in age among the young men of Beanworth is sixteen years old.

### Health Hints

by the Father of Physical Culture

One of the first objects to be kept in view in the building-up process is to secure proper activity of the alimentary canal, not through the aid of some cathartic, but through measures that will produce what we would term a normal activity of those important functions. That is one reason why we first advise a fast when one is starting on a regimen for the treatment of a chronic complaint. This gives the alimentary canal a chance to cleanse itself. It gives the various organs connected with the blood-making process a complete rest and thereafter they take up their work with renewed zest. The stomach is keenly aroused to the need for nourishment and when proper food is furnished after a rest of this kind, blood of pure quality is distributed to the depleted tissues through the entire body. A better quality of building material is furnished to all parts. The blood not only furnishes improved nourishment because it contains more life-making elements, but it is also capable on account of its added vitality of carrying the dead cells and the worn-out tissues out of the body more effectively.

Suppose, for instance, that we take a patient suffering with vital depletion who is emaciated, a chronic bedfast invalid; his pulse is feeble, temperature slightly above normal the latter part of the day, indicating the presence of fever. In a case of this kind the complete recovery of the patient by any means could not be definitely promised. In this instance I would recommend fasting, that is complete abstinence from either liquid or solid nourishment. This fast is to be continued from two to three days. The patient should have hot water whenever desired flavored with lemon juice or grape juice if preferred. It is highly advantageous to go on the exclusive milk diet after a fast of this kind. The diet may be taken as follows: First day, three meals of acid fruit five hours apart, consisting of one or two oranges or apples, or a similar quantity of other acid fruit; second day half pint of milk every hour; third day, half pint of milk every three-quarters of an hour; fourth day half pint of milk every half hour; fifth day and thereafter, one-half to three-quarters of a pint of milk.

## FABRIC RIVALLING SILK AND COTTON BEING DEVELOPED

LONDON, Aug. 9.—A fabric to compete against artificial silk, at one-quarter the cost of the latter, has been developed by two British scientists, Dr. Dinshaw R. Nanji, of Birmingham University and Dr. Frederick James Patton of Bristol University, Research Station, Campden.

By a chemical process, which reduces the time of labor from several days to less than two hours, according to reports, they have treated flax and other fibres, imparting to them a lustre which rivals artificial silk and a strength and durability which exceed that of artificial silk. The cost of preparing the fibres is said to be one-quarter that of preparing artificial silk. The fibres can be spun on standard textile machinery and the discoverers are taking steps to license British manufacturers.

The two scientists after long experiments, have also developed a process for producing Ramie fibres from China grass, overcoming the past defect of brittleness and turning out a fibre which is soft, lustrous and easily spun. The new product is said to equal cotton, and there is some expectation that it may make Great Britain's industries independent of foreign cotton supplies. The yield per acre of this grass is said to be from three to five times the yield of cotton.

### THE GENEROSITY OF FRIENDS OF THE GREENE COUNTY LIBRARY

The story of the county library exhibit at the county fair last week is page by page a story of the generosity of friends of the library and its work in the community. What the temperature failed to do toward stretching the

The Board of Governors of the County Library is unwilling to spend on the fair exhibit any of the county fund for maintaining

library work. Whatever expense the display at the fair incurred has been met by personal donations from members of this board. But expenses were minimized by the help received wherever it was needed from friends of the library outside the governing board.

Messrs. Albert and Wilbur Thornhill gave the lumber used for the library booth and the shelves of the book-wagon. Mr. Wilbur Thornhill gave freely of his time in making the framework of the booth, the book-wagon shelves, and the framework for the slogan boxes. He contributed also a great deal of free drayage, in which Wilbur Acton assisted with deft movements and with enthusiasm.

Mr. B. F. Slagle, of the Poster Advertising Company, covered the framework of the booth, made screens for the library story-telling section of the tent; set up library posters on the roads and in the

Fairgrounds, and gave drayage. Mr. Carl Ervin, of the Valet Press Shop, gave us the body which was converted into the traveling library for the book-wagon.

Miss McElwain selected the books for the traveling wagon display from the County Library collection and arranged them in the wagon on the shelves. The Bryant Auto Sales Company through the courtesy of Mr. Thearl White furnished a Ford roadster, for the traveling library, gave it garage space at night and provided a driver for the parade. Mr. Archer Maxwell made practically at cost, of materials, the signs for the book-wagon and for the library story-telling hours.

Among the library story tellers there was only one, Miss Margaret Moorehead, who was a member of the library board. The other story-hours for the children were made possible by Mrs. Robert Kingsbury, Mrs. Charles Adair, Miss Mary Stewart, of Yellow Springs, Miss Thelma Barth, of

Alpha; Miss Katherine Jacobs, of Beaver; Miss Anna Belle Dean, Miss Fern Jack, and Miss Moorehead, of Xenia, acted as substitutes on very short notice.

Mrs. Charles Adair, in addition to telling stories, took charge of the story-telling car filled with children in the Friday parade. Mr. Lang, of the Chevrolet agency offered help in preparing a float. Mr. Robert Kingsbury made the library slogans for the six boxes worn by Boy Scouts to advertise the library and its work through the grounds and in the parade.

The Anderson Flower Shop gave us an abundant supply of flowers for the library booth every day and a basket in which to put them. Mrs. Charles Kelble, of Xenia, and Mrs. Stevenson, of Yellow Springs, gave some handsome contributions of flowers. Mr. Edward Flynn made and donated the posters announcing the results of the Library Essay Contest. The Fair Board gave the money used in the essay and poster contest prizes, and as helpful and courteous in numberless ways of which no detailed account can be made.

The Library Board wishes to make grateful acknowledgement to all of these friends for their assistance at the Fair and for the encouragement which their help has given to those of us who have been entrusted with the work of extending the usefulness of library work in Greene County.

### SUPOWIT-MYERS

#### NUPITALS IN DAYTON

Miss Leah Myers, daughter of Mr. and Mrs. Max Myers, 550 Troy St., Dayton, and Mr. Abe M. Supowit, New Straitsville, O., formerly of Xenia, were married Sunday afternoon at the home of the bride's parents.

Fifty guests attended the wedding, including the bridegroom's parents, Mr. and Mrs. I. J. Supowit and other Xenia relatives. One hundred reception guests were received including relatives and friends from Pittsburgh, Anderson, Ind., Wilmington, New York, Logan, and Akron.

Rabbi Burick officiated at the ceremony, which took place at 4 o'clock. The reception was held from 8 to 10 o'clock.

Mr. and Mrs. Supowit will reside in New Straitsville, where Mr. Supowit will open a department store, August 25. He has been associated in Xenia, with his father, in the Xenia Bargain Store for the past three and one-half years.

Mr. and Mrs. Emerson McWethy and baby son, and Mr. Edward Wehrle, all of Cincinnati, spent Sunday with Mr. and Mrs. Burch Smith, N. Detroit St.

Mr. and Mrs. E. E. Fries and family, Birmingham, Ala., started for their home Monday morning after a month's visit with Mrs. Fries' mother, Mrs. F. W. Walker, N. Detroit St.

Miss Alice Lackey motored to Rosewood, O. Saturday to spend some time with Mrs. Lilla Neal and Miss Mirita Clark. They expect to spend some time at the reservoir. Miss Lackey will visit her uncle, Mr. Joseph Betts, at Urbana, before returning home. Miss Lackey will enter Miami Jacobs Business College, Dayton, September 1.

Dr. Eva C. Smith, Middletown, O., sister of Judge H. L. Smith, this city, is spending several days at the home of Judge and Mrs. Smith and of Mr. and Mrs. H. D. Smith.

### ACTION MAY BLOCK NEW HIGH SCHOOL

CLEVELAND, Ohio, August 9.—Taxpayers suit to restrain the school board from closing a street traversing the site of the proposed John Hay High School here threatens to tie up construction of the new \$2,750,000 building. The suit if successful will delay plans for the Cleveland educational center.

### PRIZE WINNERS IN PARADE CHANGED

Correcting a previous statement, it is now announced that Caesar Creek Busy Bee Sewing Club girls won the first organization prize and the Red Cross second prize instead of Caesar Creek Grange first and the Greene County Library second in the live stock parade, feature of the closing day at the Greene County Fair Friday.

Besides a general show of the live stock on display, floats representing different organizations which had exhibits at the fair, participated in the parade.

### LIBRARY BOARD IS FAVORING PLAN TO ALTER OPERATION

Board of Governors, Greene County Library, is circulating a petition to put the County Library under the County District Library Law of Ohio and thus increase its efficiency in every phase of library work, in the stipulated county district.

Members of the Library governing board are urging voters to sign the petition. Six hundred signatures were obtained in three days at the Fair. Three thousand signatures are necessary in order to file the petition.

Petitions have been placed in several of the stores in Xenia.—Jobe's Store, Babb's Hardware and Hutchinson and Gibney's. Members of the Library Board will appreciate the cooperation of all who will give their signatures unsought. Work of the board members will be immeasurably assisted by such consideration, a board member said Saturday.

Signers are asked to note carefully the attendant instruction.

Signers should use ink or indelible pencil, use no ditto mark, make place of residence clear in giving address and put in the date of the signature. Married women are asked to sign their own names, not the initials of their husbands.

# The Evolution of the Comic Strip

THE Comic Drawing was originally caricature.

THEN keen-minded Cartoonists conceived the comic character. The panelling of the art into four or five pictures in strip form was a development that won instant popularity. Yet the strip was still an aimless bit of tom-foolery.

THEN came the cartoon story—the weaving of the pen and ink characters into a plot. The high-class modern comic strip contains adventure, romance, heart interest, wit, and humor.

ONLY the high class comics appear in —

### THE GUMPS—CUTTING A MELON

### Piles Disappear

No Cutting or Salves Needed

External treatments seldom cure Piles. No surgical operations. The cause is inside—bad circulation.

The blood is stagnant, the veins flabby. The bowel walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through stagnant pools. Internal treatment is the one safe method. Ointments and cutting won't do it.

J. S. Leonhardt, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription HEM-ROID, and tried it in 1,000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at Sayre's Drug Store, who will gladly refund the purchase price to any dissatisfied customer. —Adv.

## ABRAHAM LINCOLN'S SON

Robert T. Lincoln, who died last week, would have been notable in any walk of life, as the son of that great president and that great world character. He would have been notable, too, as former cabinet officer and as foreign ambassador—and as the successful head of one of the nation's greatest businesses, the Pullman company.

But the fact about him from which the most comment has arisen is that being the son of one of the greatest characters in all the world's political history, the point of most direct contact with that tremendous human drama which has so engrossed the attention of students and researchers that whole libraries have been written upon it, he said less of it than the man who might once have chanced to see the Great Emancipator. Robert Lincoln was a youth, approaching maturity, when his father was nominated to the presidency. His intimate personal knowledge had then covered the major period of Abraham Lincoln's political activities in Illinois which led up to the nomination. He lived that life which now has become so great a national tradition. Yet in these latter years, when investigation of the Lincoln lore has carried the investigators through every rumor and every scrap of information which could by any imaginative treatment shed additional light upon the collateral history of Lincoln, Robert T. Lincoln, Abraham's son, was aloof from it all.

To an unusual modesty there must have been added a definite policy of reticence, to have caused this silence to be maintained.

The all-embracing eulogy, "Now he belongs to the ages," spoken of Lincoln at his death by one who had been his critics, takes on a new angle of truth since the last remaining member of his household is dead and history alone remains as the means of contact with him.

## THE NEW CRIME PROBLEM

Alarmists are convinced that there is such a thing as "organized crime" and that it can with immunity laugh at organized society. They fear the criminal class has the upper hand in the larger communities and that the police are powerless. This dread prospect is not entertained, however, by the great body of citizens.

Society may yet learn how to cope with the new forms of violent crime. Alarmists of the last generation feared that dynamite and other high explosives had placed in the hands of criminals and anarchists a power with which the authorities could not contend. It was said that the resources of civilization could be used to destroy civilization while the police and military arm of governments looked helplessly on. But the dynamite outrages which provoked these ominous forebodings are virtually unheard of today.

Already police are finding ways and means of dealing with the new menaces of bandits and gangsters. Automobiles do not always succeed in carrying them to safety after they have swooped down upon some bank, paymaster or rival gangster.

One thing that should be of great assurance to the public is that the criminal class represents but a small percentage of the country's population. Some day society may get desperate and will learn that it has the power to disorganize "organized crime". With able and incorruptible agents for the protection of society against its enemies there is no reason why society should reach the desperate stage, although much good might come from such a situation.

## POSTOFFICE BUSINESS DOUBLES IN TEN YEARS ANNUAL REPORT INDICATES

The mails are being put to almost double the use they were in Xenia ten years ago, it is indicated in an annual report and other statistics compiled by Postmaster C. S. Frazer.

Postmaster Frazer says the almost identical force of employees at the Xenia Post Office of ten years ago with the exception of the addition of one more city carrier, is now required to handle almost twice as much mail matter. Use of the mails, he says, is showing a gradual upward trend year by year.

Postal receipts at the post office for the fiscal year ending June 30, 1926, showed a comfortable increase over the corresponding fiscal year ending June 30, 1916, the annual report discloses.

Receipts for the past twelve months amounted to \$46,906.49 as compared to receipts of \$44,183.43 during the previous yearly figuring, a gain of \$2,723.06.

The past year's receipts when compared to a similar report of 1916, show the business has almost doubled in this length of time. Report in 1916 gave the total receipts at \$26,603.92, which was \$20,302.47 under the figure for the past twelve-month period.

More citizens as well as business houses are using the mails than formerly, the postmaster believes.

## REDUCTION OF REMAINING FEDERAL AUTO TAX EXPECTED IN NEXT CONGRESS

WASHINGTON, Aug. 6.—Motorists can look forward to the December session of congress for reduction of the remaining automobile taxes and establishment of more national parks and good roads, according to American Automobile Association officials.

The last session was one of the best since the World War for motorists, five helpful steps for the motorist having been taken, as follows:

1. The war excise tax on trucks, tires, parts and accessories was repealed, and the five per cent tax on passenger cars was cut to three per cent, saving more than \$80,000,000 annually.
2. Appropriation of \$165,000,000 made for the next two fiscal years to carry out dollar-for-dollar federal highway aid plan.
3. Accepted membership by the United States in the Permanent Association of International Road Congresses.
4. Granted to states, counties and municipalities the privilege of acquiring or using lands for recreational purposes when such lands are not needed by the federal government.

5. Established the Shenandoah National Park in Virginia, the Great Smoky Mountain National Park in North Carolina and Tennessee, and the Mammoth Cave National Park in Kentucky.

### CITY WATER USERS

On account of water conditions many people are compelled to use city water for washing and are inconvenienced because of its hardness.

To overcome this add one teaspoonful of Rub-No-More Washing Powder (the Original 5c Water Softener) to each gallon of city water. IT SAVES SOAP.

Besides its fifteen household uses it is the only cleanser that will clean sinks and tubs and dissolve upon rinsing. No sand left to clog drain pipes.

### NEW DISHES THIS WEEK

**Blueberry Mould:** Stew three cups of blueberries until soft in one and one-half cups of water, then sweeten to suit individual taste with granulated sugar. While still hot, add to them one-half cup of cornstarch powder previously mixed to a paste with one cup of additional cold water. Bring to a boil, then set over hot water and continue to cook for thirty minutes. Turn into individual wet moulds and let stand till cold. Chill on ice and serve with whipped cream, sweetened and flavored with a little vanilla extract.

**Butterscotch Pie:** Make an ordinary crust and bake it. Into it put the following filling: Carefully melt one and one-half cups of granulated sugar (by melting it in a frying pan over direct flame till it burns to a medium-brown color). Then add one and one-half cups of boiling water; this will cause the melted sugar to lump and fizz, but let it boil gently until the lumps melt, then thicken the mixture with three tablespoons of cornstarch powder mixed to a paste with a little cold water. Add a pinch of salt, three tablespoons of butter, cool slightly, and pour the mixture into three beaten egg yolks in a bowl. Stir for several minutes before turning all into the baked pastry shell. Cover with a meringue made by beating the three egg whites stiff with one tablespoon of sugar and a pinch of cream of tartar, and slip the pie into a low oven to bake for about twelve minutes—or till the meringue is high and brown.

**Fish Bisque:** This dish will be called for in the Saturday Noon luncheon menu (I assume that you will provide enough Cod Friday Night for dinner so that you will have two cups of cooked fish left over on Saturday for this soup). Any kind of fish may be substituted for the cod when desired.

**Would You Like To Be Attractive?**

A beautiful woman is always admired. There are many types of beauty. But no woman can be truly beautiful unless she is healthy. Radiant vitality is always attractive, however plain a woman's features may be.

Many a woman has found her health improved through the use of Lydia E. Pinkham's Vegetable Compound. This remedy has been taken by women for more than half a century with very satisfactory results.

If Lydia E. Pinkham's Vegetable Compound has helped other women, why shouldn't it help you?

—Adv.

To make it, begin by melting one tablespoon of butter or other drippings (bacon preferred) and into this rub one tablespoon of flour and a pinch of salt; add one pint of hot, sweet milk and stir till the sauce thickens, then to it add the cooked fish and one-half cup of fine, dry bread crumbs. Combine this mixture with one quart of chicken stock (Canned strained Chicken soup, thinned may be used instead), boil up for a few moments, season with a drop or two of Worcester Sauce, and serve—or keep hot till needed.

Tomorrow—Answers to Inquiries.

## Today's Talk

### ARE YOU MISUNDERSTOOD?

Most of us waste a great deal of time being "misunderstood." Why shouldn't we be misunderstood? I have never yet met a human being who understood himself. Why should we expect others to understand us?

Worry as little as possible about being misunderstood by others. Give great thought to understanding yourself. The best driver of an automobile is that one who knows most about the car itself. If it doesn't respond to his manipulations accurately, he knows what to do.

No man is powerful or influential who doesn't understand himself well enough to direct his energies aright during moments of distress or emergency.

Pope once said that the "proper study of mankind is man." Of course, what he meant was that every single man was to study himself into service and usefulness.

Are you misunderstood? Don't waste any time thinking about it. It won't help matters—and, of course, will do a great deal of damage.

We were not put into the world to be understood at all. The human being never lived who was understood—by himself or others. We were put here to do our work and to pass something on for the increased happiness of others.

Emerson went so far as to say at one time that "to be misunderstood is to be great!"

### THE WORST IS YET TO COME

## DEMONSTRATE NEW CEMENT AT OSBORN PLANT SATURDAY

Experiments of a unique kind in concrete, which indicate the probable revolution of the industry, were conducted at the plant of the Southwestern Portland Cement Co., at Osborn Saturday afternoon. The tests were designed to prove the value and utility of a new quick-hardening cement developed at the plant.

A feature was a test of cement sidewalks. These were laid Saturday morning and in shape for use by afternoon when the experts assembled for other experiments.

First events of the day included experiments on three stretches of concrete road, each twenty feet in length. One stretch was placed Thursday, a second Friday and the third Saturday.

When the road tests were completed, parts of each of the stretches of road and sidewalk were taken up and submitted to a strength tester. The tester is equivalent to 300,000, or 100,000 pounds more than the average tester.

The experts and engineers were served a buffet lunch at noon at the plant, preceding the tests.

### HIGHWAYS

The building of public highways in Ohio is hedged about with a multiplicity of enactments.

From the earliest days of the state down to 1915 the road laws of the state were a miscellaneous patchwork of legislative acts, the result of more than a century of legislation.

Prior to 1915 those interested in good roads had been demanding that the state revise its road laws, but it was impossible to get the legislative sanction necessary to bring this about.

It is fruitless to follow the vagaries of highway legislation since the first act was passed August 1, 1792, by the legislature of the old Northwest Territory. Subsequent road laws were passed by the same body October 28, 1799, December 13, 1799, and January 23, 1802.

This latter act was in force when the first state constitution was adopted in 1802, and consequently was the first road law in Ohio. During the period of the old constitution (1802-51) hundreds of road laws were placed on the statute books of the state, but most of these were of local application only and not concerned with highways at large.

After the adoption of the 1851 constitution there was a considerable change in the management of highways, but the law, until 1912, still permitted road taxes to be worked out against whom they were assessed. In 1892 an effort was made to provide a highway committee, or rather a commission, which was to investigate general road conditions in Ohio and make such recommendations to the legislature as it saw fit.

It is interesting to note that this commission of 1892 reported that public highways were matters of purely local concern, and that their maintenance was a matter which should be left in hands of local authorities. It is this idea which has been responsible for the backward condition of the roads of the state. Not until 1904 did Ohio awaken to the necessity of establishing a centralized highway department.

Greene County now has more than 730 miles of roads.

NOTHING SMARTER THAN A SHAWL FOR AN EVENING WRAP

By Jay V. Jay

"It's been a perfectly lovely evening," say these three perfectly lovely ladies to each other. All three have covered their evening gowns with evening shawls, preparatory to going home. Mitzi's is cream colored silk embroidered with carnations which have become suddenly fashionable. Polly's is a smaller one, unfringed, of silk net embroidered in rose and gold. The exotic-looking young woman (friend of Dad's) wears a brilliant shawl of red and purple.

Since the Goofy is not, at the moment, interested in Mitzi's frock you will have to admire it without his cooperation. It is of taffeta with an underdress that shows at the top of the bodice and the front of the skirt, made of rows of cream colored lace.

What Mitzi said to the Goofy we don't know. However, it may be surmised since the top of his dresser wears an outspread map of Texas and on the star marked Dallas is placed Mitzi's photo-graph showing Mitzi and a new necklace of crystal.

Next Week—Mitzi is Still in Texas

## East Side - West Side

—OF—

## New York

By Jack O'Donnell

Three years ago Jacob Ben-Ami, the Yiddish singer-actor, was the talk of New York because of his marvelous performance in "Samson and Delilah." The critics raved about him; the populace sung his praises from the house tops. Thousands who had heard him sing in Yiddish flocked to the theater to hear him sing the same songs in English.

The other night I sauntered into a cheap little Yiddish vaudeville theater on the East side. There was something familiar about one of the actors. I glanced at the program and saw the name—Jacob Ben-Ami.

Wondering why this great artist was not where I believe he rightfully belongs I made inquiries and was told that Ben-Ami is one of those unfortunate and exotic actors who just won't fit into many parts. When "Samson and Delilah" closed there was no other vehicle available for him, and because a man must eat as Hiram Johnson so truthfully told his critics once, Ben-Ami accepted work on the Yiddish vaudeville stage where he originally came.

The rise and fall of Ben-Ami is not entirely dissimilar from that of Charles Gilpin, the negro who made such a tremendous hit as Emperor Jones, in the O'Neill play of that name, both here and in London. Gilpin had his hour of triumph, then, because there was no other play suitable for his talents, he slipped back into obscurity and is now playing small parts in cinema dramas.

Summer bachelors, men whose wives and families have "gone to the country, hooray!" are having their innings at this writing. You meet them everywhere—in the

clubs, at the revues, in the night clubs and—ah-hi!—the speak-easies which Mr. Buckner has over looked in his padlock campaign. And what gay blades these summer bachelors become! I met three of them at three o'clock of an afternoon last week and all three were still in evening clothes!

"When the cat's etc."

The hot weather has knocked the Gay White Way into something resembling Ted Lewis' dilapidated high hat. Broadway shows are closing with terrible—to the managers—regularity. When the theatrical season is at its height there are approximately sixty shows for the public to choose from. At the present writing there are but thirty-one which have stood up under the heat. Any production which can weather a New York July and August is safe up to Christmas.

A real estate man who knows what in New York tells me that one of the big brewing concerns of this so-called dry city has been buying up all the corner-store leases it could get its hands on, believing that light wines and beer are coming back.

"This brewing concern bought these leases," my friend tells me, "so that in case the Eighteenth Amendment is amended they will have the good locations for their shops. They installed sandwich shops to help pay the rent until the happy day arrived, and now, much to their amazement, they are finding out that sandwich shops pay better than saloons. So if they ever do get wines and beers back in New York, the choice corners of the town will have, not saloons, but eating places."

## The Theatre

The movies are full of pretty girls and competition is keen when shapely limbs, bewitching eyes and appetizing lips are being sought for the casting of a new picture. There are two jobs in the picture, "We're in the Navy Now," however, for which few of Hollywood's queens are available.

Two lovely girls are wanted and there is quite a little difficulty in filling the bill. The trouble is, the directors explain, that no woman can be convinced that she is really not one of the most beautiful creatures that ever lived.

Olga Petrova, who is now in Europe in quest of new ideas, will begin rehearsals for "What Do We Know?" on her return the after part of this month.

Clissie Loftus is back from London and is making another hit on the Keith-Albee circuit. With her has come "Little Tich" England's greatest music hall favorite, the man who can make even an Englishman see his jokes before the show closes.

Back on the copy desk of a certain New York daily is another of the great army of reformed musical comedy producers. Asked about his venture on Broadway he scowled darkly and declared that his next experiment will be of the sort which brings returns, perhaps smaller but more certain. The Park Row boys have suggested peanuts and hot-dog stand.

Another managing editor has

been hooked in the show business, but not very hard. This chief of the latest Metropolitan tabloid had the experience of seeing his show "Flopp" hopelessly on the opening night. His own reviewer wisely refrained from mentioning the show in his page next morning "I've gotta eat," he explained to his friends.

### THE EXCUSE

We strike too late  
Or lose our touch of skill,  
Then blame on fate  
What may be lack of will.  
One thoughtless deed  
Brings failure in its train.  
The end had been decreed  
We haltingly explain.  
But oft had courage stayed,  
And had we truly tried,  
We know we could have made  
This goal which was denied.  
Fight, ere it be too late!  
Work, while hope flickers still  
Lose if you must to Fate,  
But not to lack of will.

# Merchants Defeat Police At Washington Park

## HARRIS HURLS WELL AND SUBDUES JOHN LAW HERE HANDILY

### Fluke Triple Saves Visitors From Shut-Out In Ninth

Behind the excellent hurling of Harris, a product of a Southern state, the Xenia Merchants defeated the Dayton Police in a well played game 6 to 1 Sunday afternoon at Washington Park.

Harris pitched shut out ball, limiting the visitors to three widely scattered hits and was deprived of a shut out when the Police scored on in the ninth inning on a fluke triple and a passed ball. The cops were completely submissive in a batting way the whole game. The visitors filled the bases with two out in the first inning and could not score and thereafter Harris was master of the proceedings.

Besides being stingy with hits, the merchant pitcher struck out eight and walked two.

Harlow's double in the first with none out, a single by Probst in the fourth with two gone and Huffman's fluke triple in the ninth were the only occasions on which Dayton could solve the delivery of Harris.

The only run tallied by the Police came with one out in the final inning. Huffman hit a single over third which King lost in the tail grass. Before the ball was retrieved Huffman was resting on third. A passed ball by White permitted him to cross the plate and prevented Harris from scoring a well-earned shut out victory.

Meanwhile the Merchants were having trouble of their own in solving the curves of Sillen. The local nine counted a marker in the first, aided by two errors, although the Police inserted a fast double-killing in this inning.

Porter led off with a single past first. King reached first safely when Sillen fumbled his bunt. Rice hit into a fast double play. Tidd to Beeler to Taylor, extinguishing King at second but Porter reached third from where he scored on Taylor's muff of Probst accurate thrown on Ward's bounce.

The Merchants were then blanked for four innings but scored once more in the sixth. King doubled, stole third and scored on Ward's sacrifice bunt.

The big scoring inning came in the seventh when Sillen weakened and allowed four tallies. He made his first mistake by walking the first man up, Flippino. White sacrificed but Harris singled, sending the runner to third. Porter sacrificed, Flippino scoring. King walked and Rice doubled over second, scoring Harris. Ward cleared the bases with the longest hit of the day, a resounding triple to right center.

The main feature of the game was the wonderful support accorded Harris by his mates. Playing errorless ball, several players were outstanding for well-nigh impossible catches and stops of ground balls.

Left fielder King, in the seventh, robbed Probst of a sure hit by a shoe string catch of his high fly back of third. In the same inning Gardin made a wonderful bare hand stop and throw of Harris' hard grounder. In the eighth Tidd was deprived of a single by an excellent stop of his hit by Rice. Merchants will play the Dayton Blue Ribbons next Sunday.

## TILTON FOOTBALL SQUAD PLANS MEET FOR ORGANIZATION

Reorganization of the Tiltons' "33" football eleven for the fall season will take place at a meeting of all old members of the squad and such prospective new members as may care to attend at the home of Paul Fuller, 2 Thornhill Ave., Tuesday night at 7:30 o'clock, it is announced.

In line with organization and the outlining of plans for the approaching season, the team expects to elect a manager, field captain and coach at the meeting.

It is planned to inaugurate practice September 1.

The aggregation of stars that represented the Tiltons on the gridiron last season is expected to be available again this year, with the possible exception of "Abie" Lincoln who is in Chicago at present, it is uncertain whether he will be available again this fall.

Besides the old guard, any new players who wish to join the local eleven, will be welcomed at the meeting.

The team expects to place an even stronger eleven in the field than last year.

## BELL EMPLOYEES AT CONFERENCE HERE

Monthly joint conference of the Dayton and Springfield Districts, Ohio Bell Telephone Co., was held at the Masonic Temple, this city, Saturday. These meetings are composed of the officials of commercial plant, traffic and engineering departments. Fourteen attended the Xenia meeting.

The session was conducted under the chairmanship of Harry E. Allen, district commercial manager, Dayton, who, it was announced recently, was elected to the presidency of the N. C. Kingsbury Chapter of Telephone Pioneers of America at their annual meeting at Cedar Point, June 24-25. Mr. Allen is well known in Xenia.

## BOWERSVILLE WINS FROM SPRINGFIELD ATHLETICS SUNDAY

Avengeing a previous 8 to 7 setback, the Bowersville Bayliffs pounded out fifteen hits and a 9 to 4 victory over the Springfield Park Athletic Club Sunday afternoon at Bowersville.

Every member of the team with the exception of a recruit player, obtained at least one safety. The team has enjoyed batting sprees in its last three games during which the Bayliffs have collected forty-three hits for an average of fourteen per game.

Lucas was in fair form and although granting ten hits, managed to keep them fairly well scattered and was in holes in only three innings.

Springfield got away to a two-run lead in the first but this was soon overcome, the Bayliffs scoring once in each of the first three innings and four times in the fourth. Two more were added in the seventh to make the contest safe.

D. Murrell led the home team at bat with three hits.

Bowersville will play either the Springfield Triangles or the Springfield Tramps next Sunday afternoon at Bowersville, the game being called at 2 p. m., standard time. Score by innings.

## GET OUT AND VOTE TUESDAY

### YOURS IS THE RESPONSIBILITY FOR GOOD GOVERNMENT

Government of the United States of America is for the people and by the people.

It can not in any way be BY THE PEOPLE, unless the people do their duty as citizens and vote at all elections. The right to vote, given to all citizens of America, is the right to choose between good, bad or indifferent government.

GREENE COUNTY DOES ITS ELECTING AT THE PRIMARY.

Therefore the PRIMARY cannot be over-emphasized. Unless you are interested in the government, the government will not be interested in you or your affairs.

The main way to show interest in government is to VOTE.

If you fail to vote and an administration, county, state or national, unfavorable to you, gains the balance of power and does things you do not like, no person but YOU is to blame.

The Ohio Primary election, Republican and Democratic, is on Tuesday, August 10. Be sure to vote. Vote for the persons you think best qualified to hold the offices at issue—BUT VOTE.

THE RIGHT TO VOTE CARRIES WITH IT THE DUTY TO VOTE.

IF OUR GOVERNMENT IS TO BE RUN BY THE PEOPLE AND FOR THE PEOPLE THEN PEOPLE MUST VOTE.

GOOD CITIZENSHIP DEMANDS THAT YOU VOTE. GET OUT TO THE POLLS ON TUESDAY, AUGUST 10TH—RAIN OR SHINE.

## RESERVES TAKE FIRST GAME IN SERIES WITH HARSHMANVILLE

The winning streak of the Xenia Reserves was brought to seven straight when Manager Cyphers pitched his team to a 5 to 2 victory over Harshman in the first of a three game series Sunday afternoon at Harshmanville.

The second game and the third, if necessary, will be played at Washington Park in Xenia beginning next Sunday as it is understood the Harshman ball park has been purchased by Wilbur Wright Field and will be razed this week.

Both Cyphers and Glass pitched a good brand of ball but the Reserve hurler had superior control and kept the hits of the opposition better scattered than his rival moundman.

Jug Conley, a former Harshman player, contributed much to his former team's defeat by clouting a home run, two doubles and a single in five trips to the plate. Frank, Reserve catcher, was also in a hitting mood and connected safely three times. Cain was also good for a brace of singles. H. Greene, with three singles, led the Harshman team at bat.

Reserves were the first to score in the second inning. Valentine singled. Shadley was safe on an error and after the first batter went to third, stole second, from where both men scored on a hit by Cain.

The team added two more in the fifth when with Frank on first, Conley hit a home run over the fence, a long drive as the Harshman field is larger than the average.

The fifth run in the seventh found Frank and Conley again in prominent roles. The catcher singled, Conley doubled to right scoring him.

## HEAVY VOTE EXPECTED TUESDAY AS PARTIES PICK CANDIDATES

A much heavier vote than was cast at the general election two years ago is expected to be cast in Greene County when citizens go to the polls for the primary election Tuesday, is the belief in local political circles, based upon conditions preceding the primary.

Interest in the primary is very acute among voters and apathy on the part of the electorate is difficult to find as the primary nears. The polls will open at 5:30 a. m., and close at 5:30 p. m., Central Standard time, Tuesday. This is 6:30 a. m., and 6:30 p. m., Daylight Saving time. These hours conform with the time for opening and closing the polls prescribed by law, according to Earl Short, clerk of the board of elections.

A reason for the expected heavy vote is that local contests for at least four different county offices have aroused much more than the usual interest. In the talk of the average voter, races for sheriff, treasurer, recorder, and auditor have a prominent place.

Candidates for state offices have made only desultory canvasses of the county and have confined their campaigning for the most part to calls on political leaders, having made practically no attempt to stir up interest of voters at large.

One of the principal topics of discussion is the drive of a growing faction to sweep the Marshall-Gowdy ring from control of Republican politics in this county, through the medium of gaining a majority of places on the Republican County Central Committee Tuesday. The Democrats also have a contest for positions on the Democratic central committee.

Returns will be watched with interest by many as they are thrown upon a screen in front of the Gazette building, Tuesday night. Voting places for the various precincts in Xenia city for the primary election Tuesday will be as follows:

Pct. 1—Pratt's Grocery, W. Main St.  
Pct. 2—Anna Comfort, Cincinnati Ave.  
Pct. 3—John Dugan, Charles St.  
Pct. 4—Greene County Lumber Co., N. Detroit St.

### DRIVER INJURED

AKRON, O., Aug. 9.—Irael Dafford was seriously injured when his automobile crashed through a fence while he was racing in the fifty mile sweepstakes event at Northampton Park, yesterday. Fred Youts of Akron won the event in 51 minutes, 49 4/10 seconds.

## BOMB WRECKS HOME OF KENTUCKY MAN

KENTON, O., Aug. 9.—Authorities on high explosives today examined particles of a bomb which wrecked the home of Mr. and Mrs. James Fulton here.

The blast ripped three sides of the house from the foundation and splintered most of the foundation splintered most of the furniture. Fulton and his wife were absent at the time. The motive for the bombing is not known.

## DAYTON MAN BRUISED IN AUTO COLLISION

John Pyles, Dayton, was bruised about the head but not seriously hurt when his touring car and a roadster driven by Harold Jenks, Towler Road, collided at Main and West Sts., Sunday night at 6 o'clock.

Jenks was driving north on West St. and Pyles west on Main St. Both machines were damaged. Jenks is alleged to have abandoned his car and escaped after the accident. Police confiscated his auto and were searching for the driver Monday.

## FORMER XENIAN IS CALLED BY DEATH

Mr. and Mrs. J. H. Whitmer received a wire Monday afternoon, telling of the death of Frank Burdette Armstrong, 27, formerly of this city, which occurred at an El Paso, Tex., hospital, Monday morning.

Mr. Armstrong made his home for ten years with Mr. and Mrs. O'Hara, of Xenia, his uncle and aunt. He went to Tucson, Ariz., from Xenia, for his health, ten years ago and only recently transferred to El Paso. His death was caused by tuberculosis and heart trouble.

Mr. Armstrong was born in Chicago, October 27, 1899. His parents were the late Frank and Louise Greenleaf Armstrong.

They died when he and his twin sister, Miss Helen Armstrong, now of New York were quite young, and Burdette was reared by Mr. and Mrs. Whitmer.

He graduated from Central High School in 1918 and attended Ohio Wesleyan University at Delaware, two years.

The body will be brought to Xenia for interment. Funeral arrangements will be announced later.

## CINCINNATI VOTES ON EASTERN TIME

Cincinnati voters are to decide upon the question of permanent adoption of Eastern Standard time at the primary Tuesday—an important question that will be watched with keen interest by other cities in the state and one that may have a far-reaching effect on Ohio's future time standard.

If the Queen City electorate approves the plan of advanced time, railroads between that city and Columbus must necessarily revise schedules to conform with Eastern

Standard or Daylight Saving time. This, it is believed, would remove one of the principal agencies strenuously opposing fast time and pave the way for general state adoption of advanced time over Ohio to the Indiana line.

Xenia, like other cities, will be primarily affected by a favorable vote on the question in Cincinnati Tuesday and citizens are awaiting the outcome with added interest as the time question is uppermost among important matters confronting the city every year.

## YOUNG MATRON DIES SUDDENLY SATURDAY

Coming as a shock to relatives  
and friends, the death of Mrs.  
Marjorie Lambert Ankney, 35,  
wife of Albert Ankney, Jr.,  
Beavercreek, occurred suddenly  
Saturday evening at 8 o'clock at  
Epey Hospital, this city.

Mrs. Ankney had been in her  
usual health but was suddenly  
seized with a severe hemorrhage  
in Dr. Paul D. Espey's office, Sat-  
urday evening. She was imme-  
diately rushed to the hospital and  
several doctors and nurses were  
summoned. The hemorrhage was  
soon stopped but the loss of blood  
was so great that she was unable  
to rally and passed away in a  
short time.

Mrs. Ankney was one of the  
best known young matrons of the  
Beavercreek vicinity. She was a  
devoted wife and mother and her  
sudden death has caused wide-  
spread bereavement.

She was born near Franklin, O.,  
February 11, 1891, the daughter  
of Mr. and Mrs. Edward Lambert,  
now of Miamisburg, O. She gradu-  
ated from Miamisburg High  
School and from Teachers' Col-  
lege, Miami University. Mrs. An-  
kney taught for two years in Mi-  
amisburg before her marriage,  
which occurred June 5, 1919.

She was afflicted with the  
Beaver Reformed Church and  
taught in the Sunday School.

Besides her husband, three chil-  
dren, Davis Lambert, Mary Eloise  
and Philip Nevil survive with her  
parents, two sisters and two  
brothers, Mrs. Emery Teele, Day-  
ton, Mrs. Paul Diekey, German-  
town, and Allen and Henry Lam-  
bert, both of Miamisburg.

Funeral services will be held at  
the Albert Ankney Sr. home in  
Beavercreek Tuesday at 1 o'clock;  
central standard time. Interment  
will be made in Beaver Cemetery.

Upper photo shows the farm house on the Phillips farm, near Brunswick, N. J. It was beneath an apple tree in a deserted part of the farm that Rev. Edward W. Hall, pastor of the fashionable New Brunswick church, and Mrs. Eleanor Mills, choir singer, were found murdered. Photo of the tree, taken recently, shows how it has been reduced almost to a stump by souvenir hunters.

## Revelations of Poison Liquor Ring Loom as Death List In Buffalo From Deadly Alcohol Grows: Some of Victims

Out of the death of over 40 persons and the maiming for life of others officials of Buffalo, N. Y., hope to bring to light—and justice—the leaders of a poison liquor ring said to have furnished the poisonous alcohol for distribution. James Voelker, arraigned on a charge of first degree murder in connection with the distribution of the liquor will "tell everything" according to his attorney. Joseph Sucharski, in whose store the first fatality occurred, was one of the victims. His wife is held as a material witness. Geo. Sokeseliwix, is permanently blind from the liquor. Carl Maischoss, soft drink saloon proprietor in whose place some of the booze was found, is helping authorities uncover other sources of supply. Over 100 gallons of gin made from wood alcohol was found in the cellar of Joe Mucha's store. He is being held.

## WHO'S WHO IN THE STORY:

ROSILYN RIDGEWAY learns on her wedding day from idle gossip that she has been married for her money. Before her enormous fortune was left her, she had been an over-worked little drudge in her father's inn.

LANDIS RIDGEWAY, her husband is a brilliant, fascinating man, who was forced into the marriage by his mother.

FLORENCE RIDGEWAY, an aristocratic old lady, who saw poverty staring her in the face, and chose the easiest way out. Rosilyn loving her husband, knows that he is still in love with Lydia Harbrook, a beautiful, cold society girl who is bent on marrying.

STEVE VAN VORST, a wealthy old roue, although she is really fond of Ridgeway. She is in Paris when the news reaches her of Landis' marriage and she hastens back to the United States. With her goes Rupert Briscoe, a dissipated man of the world, who has seen Rosilyn but once, and yet is deeply interested in her. Lydia learns of this interest, and when the two reach New York, she suggests that they ask the young Ridgeways to dinner. She and Briscoe concoct a plot whereby through an apparent misunderstanding Rosilyn and Briscoe will be left alone together, while she will be with her beloved Landis.

Landis, finding himself alone with Lydia falls under her spell once more. Some hours later that evening, Rosilyn who is bewildered to find herself spending the evening in the company of Rupert Briscoe, sees her husband dancing with Lydia—in his eyes a look of rapture. She believes he has seen her but is too rude—or ashamed—to speak. Briscoe asks her to go on to a night-club, and in a mood of recklessness she consents.

In Paris Van Vorst, realizing the reason for Lydia's sudden trip to America and hungering for her love, decides to use Marietta, a dancer and sweetheart of Briscoe's in connection with a plan. These two arrange to come to New York where Marietta is to vamp Landis away from Lydia, leaving a clear field for the elderly schemer.

Long after Rosilyn's return home Lydia, by a clever ruse persuades Landis to take her for a taxi ride to Jersey. There in the early dawn speeding through the country side his old infatuation asserts itself and he gathers the girl in his arms.

Landis returns from Jersey leaving Lydia and upon finding his wife's door locked decides to put up at his club. Early the next morning he receives a phone call from Lydia.

At about the same time Rosilyn awakes, finds that Landis is missing, and greets his mother who has come for a chat. The latter intimates that the girl had better not allow her son too much rope.

Mrs. Ridgeway leaves while Rosilyn makes elaborate preparation to meet Landis and special furnishings for their home. She takes special pains with her clothes realizing that she must compete with the fair Lydia.

## CHAPTER LXI

### A Weak Excuse

But Rosilyn had qualms about the "tout ensemble." It was rather like playing charades, this frock! A quaint dressed-up feeling! Reflected in the long pier-glass of her room, she resembled the little girl of long ago who—at a children's party—had arrayed herself in a grown-up gown.

It was half past twelve, and more, before the "phone bell rang. With an acceleration of the heart, she ran to answer it—almost tripping in her draped Parisian gown.

Would it be Landis?

Had he remembered their engagement?

Was he annoyed with her over last night's episodes?

"That you, Rosilyn?" His attractive tones drifted over the wire.

"Yes."

# A Drastic Reduction in Frigidaire Prices!

Today, we announce a sweeping reduction in the prices of Frigidaire Electric Refrigerators.

The tremendous volume of Frigidaire sales (greater than all other electric refrigerators combined), and a vastly increased production capacity, have resulted in economies that now put electric refrigeration within the reach of every home and store.

No other electric refrigerator could offer such value. No other offers you the guarantee of General Motors, the endorsement of 200,000 users, the proven dependability, long life and economical operation of Frigidaire, nor the easy payment plan of the General Motors Acceptance Corporation.

Price reductions are as much as \$90, including both the complete metal cabinet Frigidaires and Frigidaire units for ordinary ice-boxes. Come in today, or mail the coupon.

A tub as smooth  
as glass!

PHONE for a Maytag—the only washer with a cast-aluminum tub—a tub as smooth as glass! It's the only washer with a tub that keeps water hot during an entire washing! And the Maytag tub cannot rust, warp, split, dent nor lose its shape. It's good for years of washing service—It lasts a lifetime!

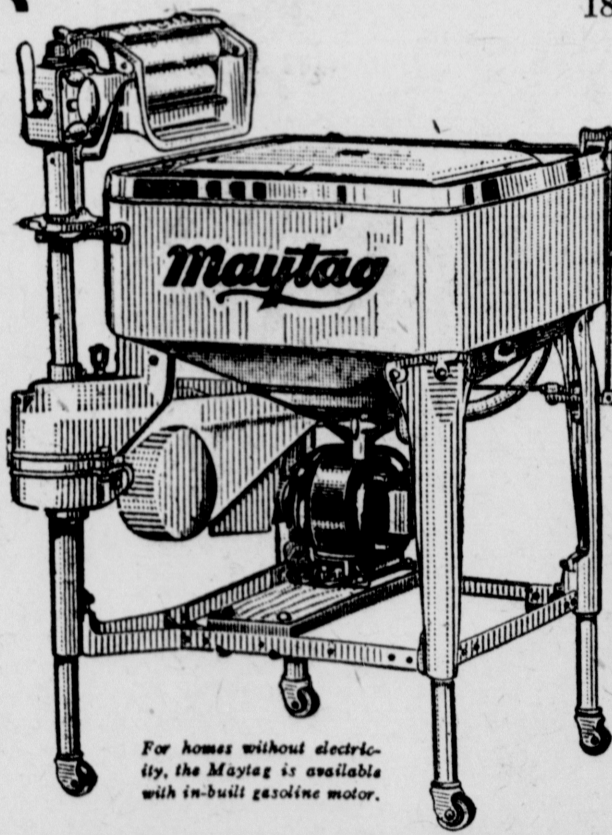

Compare the Maytag with other washers. See the Maytag Gyrafoam action that washes tubfuls of clothes in 3 to 7 minutes—50 pounds dry weight in an hour—and that cleans everything—even collars and cuffs without hand-rubbing!

Ask for a Maytag trial this week—Today—Tomorrow! There is no charge or obligation. Do a complete washing with the Maytag in your own home! Wash everything you want washed. If it doesn't sell itself—don't keep it.
